The accompanying notes are an integral part of the financial statements.

Appendix 1—*Concluded*

NOTES TO FINANCIAL STATEMENTS
AS AT MARCH 31, 1975

1. Accounting policies

Progress payments to suppliers

Payments to suppliers for defence supplies requisitioned by Government departments or agencies or by associated governments are charged to the progress payments to suppliers account. The corresponding amounts received from the department, agency or associated government are reflected in an account for progress payments from customers and shown in the balance sheet as amounts received from customers. The net balance comprises amounts paid for defence supplies not yet recovered from customers. Upon delivery of finished items to the customer department, agency or government, the accounts are relieved of the cost of the goods delivered.

Inventory valuation

Inventories of strategic materials and defence supplies are generally carried in the accounts at cost. Except where Parliament has approved a write-down in value, recognition of losses incurred as a result of declining inventory values is not given until disposition of the inventories. Reimbursement for losses sustained by the Fund is contingent upon parliamentary appropriation.

Sales

Included in the sales of the Fund are only sales of strategic materials and those defence supplies purchased for stockpiling. Transactions in defence supplies acquired pursuant to requisitions of Government departments or agencies or of associated governments are not reflected in the statement of operations.

2. Accounts receivable

Included in accounts receivable is a long-term receivable of $2,638,734 collection of which from an aircraft manufacturer is dependent on the sale of aircraft. Should sufficient sales to retire the debt not materialize, the balance then owing will be recovered from the Department of National Defence.

3. Working capital loans

Working capital loans comprise $3,900,000 loaned to a repair and overhaul contractor in 1973 which is repayable without interest upon settlement of a claim by the contractor against the Canadian Commerical Corporation and $6,000,000 loaned in 1973 to an aircraft manufacturer which is to bear interest at the current prime bank lending rate in effect from time to time and is repayable June 8, 1976. As a claim by the Crown against an aircraft designer may result in retroactive offsets against the principal amount of the latter loan, it has not been possible to determine the amount of interest earned to March 31, 1975.

4. Inventories

The inventories as at March 31, 1975 consist principally of 120 million pounds of steel pipe acquired at a cost of $19,353,000 in anticipation of the construction of an oil pipeline from Sarnia to Montreal and 6.6 million gallons of fuel oil purchased during the world oil crisis in 1973 at a cost of $5,025,000. Subsequent to March 31, 1975 the Fund was reimbursed in full for the cost of the steel pipe by the pipeline company. The fuel oil which at March 31, 1975 had an estimated replacement value of $1,886,000, $3,139,000 below cost, is being delivered to government establishments with the Fund being reimbursed at prices prevailing at time of delivery. Reimbursement for losses sustained by the Fund on the disposal of the oil is contingent upon future parliamentary appropriations.

5. Cost of sales—strategic materials

Included in cost of sales—strategic materials is $851,673 being the written-down value of the inventory of raw quartz disposed of during the year through Crown Assets Disposal Corporation. Proceeds of disposition amounting to $509,000 are not reflected in the financial statements of the Fund as such proceeds are credited to the Consolidated Revenue Fund through the accounts of the Crown Assets Disposal Corporation.

6. Comparative figures

Certain figures for the previous year have been reclassified to conform to the current year's presentation.

7. Supplemental information

Administrative expenses of the Fund are borne by the Department of Supply and Services.

AUDITOR GENERAL OF CANADA

Ottawa, Ontario, June 27, 1975

THE HONOURABLE JEAN-PIERRE GOYER, P.C., LL.B., M.P.
MINISTER OF SUPPLY AND SERVICES
OTTAWA, ONTARIO

Dear Mr. Goyer,

I have examined the balance sheet of the Defence Production Revolving Fund as at March 31, 1975 and the statement of operations for the year then ended. My examination included a general review of the accounting procedures and such tests of accounting records and other supporting evidence as I considered necessary in the circumstances.

In my opinion these financial statements give a true and fair view of the financial position of the Fund as at March 31, 1975 and the results of its operations for the year then ended. Except that no provision has been made in the accounts for a decline of an estimated $3,139,000 in the value of inventory of oil as explained in notes 1 and 4 to the financial statements, the statements have been prepared in accordance with generally accepted accounting principles applied on a basis consistent with that of the preceding year.

I further report that, in my opinion, proper books of account have been kept by the Fund, the financial statements are in agreement therewith and the transactions that have come under my notice have been within its statutory powers.

Yours sincerely,

J. J. MACDONELL
Auditor General of Canada.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED DECEMBER 31, 1974

1. ACCOUNTING POLICY
   a. Canada bonds, maturing within two years, held in the vested assets account and the office administration account are valued at par. Any premium or discount on these bonds is recorded in income from investments in the office administration account in the year of purchase.
   b. Securities are valued at par, except for no par value shares which are recorded at $1 each. Foreign securities (other than U.S. which are recorded at par of exchange) were converted to Canadian funds at the exchange rates prevailing at the outbreak of World War II.
   c. The companies controlled by the Custodian are holding companies and equity is shown at the net book value of the assets controlled by him according to the most recent financial statements or at a nominal value of $1 for each equity where no such statements are available. The auditor's report to the shareholders of one company for which financial statements are available discloses that three of the partners in the firm responsible for the audit are also directors of the company.
   d. Other assets included $1,390 for real estate valued at amounts assessed for municipal tax purposes and personal effects nominally valued at $109.

2. CONTINGENT LIABILITY

   As at December 31, 1974, the Custodian was contingently liable for approximately $100,000 in respect of an outstanding claim.

AUDITOR GENERAL OF CANADA

Ottawa, February 10, 1975

THE HONOURABLE JEAN-PIERRE GOYER,
MINISTER OF SUPPLY AND SERVICES,
OTTAWA.

Sir,

I have examined the statement of assets and liabilities of the Custodian as at December 31, 1974 and the statements of change in vested assets account and of income and expense for the year then ended. My examination included a general review of the accounting procedures and such tests of accounting records and other supporting evidence as I considered necessary in the circumstances. I have, however, relied on the audited financial statements of a company referred to in Note 1 to the financial statements for the valuation of the Custodian's equity in this company.

As in previous years, income earned from cash funds and from investments acquired from such funds, held in the vested assets account, was recorded as income of the Custodian. This amounted to $67,849 in 1974 compared with $70,636 in 1973.

Subject to the foregoing, in my opinion, these financial statements give a true and fair view of the financial position of the Custodian as at December 31, 1974 and the results of his administration of the Revised Regulations Respecting Trading with the Enemy (1943) for the year then ended, in accordance with generally accepted accounting principles applied on a basis consistent with that of the preceding year.

Yours faithfully,
J. J. MACDONELL
Auditor General of Canada

TRANSPORT

Department

Objectives

—To ensure that national transportation policy influences and responds to the objectives and programs of the private and public sectors.

—To provide facilities and to foster the optimum development of the Marine, Air and Surface Transport, consistent with the protection of the environment, on a cost-recoverable basis to the maximum practicable extent.

—To identify, interpret, design, support, guide and develop technological and operational changes in transportation systems and their components that will make significant contributions to the effective utilization of the national transportation resource to meet the requirements of national economic and social needs.

Atlantic Pilotage Authority
Great Lakes Pilotage Authority Ltd.
Laurentian Pilotage Authority
Pacific Pilotage Authority

Objective

—To ensure the safe and orderly passage of Canadian and foreign vessels through the Canadian territorial waters assigned to the Authorities on a cost-recoverable basis to the maximum practicable extent.

Canadian Transport Commission

Objective

—To promote the co-ordination and harmonization of the operations of all carriers engaged in transport by railways, water, aircraft, extra-provincial motor vehicle transport and commodity pipelines through effective economic regulation, research and policy development.

National Harbours Board

Objective

—This program contributes to the objectives of the Marine Transportation Program.

Northern Transportation Company Limited

Objective

—To provide a general transportation system for the movement of goods, in the Mackenzie Basin and the Canadian North.

St. Lawrence Seaway Authority

Objective

—This program contributes to the objectives of the Marine Transportation Program.

The accompanying notes are an integral part of the financial statements.

NOTES TO THE FINANCIAL STATEMENTS
MARCH 31, 1975

1. Accounting policies

The financial statements of the Airports Revolving Fund include the accounts of the Toronto and Montreal International Airports as well as those of the Mirabel and Pickering Airports presently under construction. The construction cost of the Vancouver bridges and access roads to the Vancouver International Airport has been included in the Fund during the year.

Fixed assets acquired prior to April 1, 1969 from parliamentary appropriations are recorded in accordance with Treasury Board Circular 1970–7 of January 8, 1970 in the Fund at a value determined as at that date by officers of the Department of Transport. Acquisitions subsequent to April 1, 1969 are recorded at cost.

Depreciation is charged on a straight-line method based on the estimated useful life of the assets at the time of purchase or construction. Such charges for depreciation start in the period following the year of acquisition or the year in which the asset became operative.

Appendix 2—*Concluded*

Airports Revolving Fund—*Concluded*

2. Fixed assets

Not included in the land cost is additional compensation totalling $11,825,631 paid on an ex gratia basis to former owners of expropriated properties at Mirabel Airport under the authority of Transport Votes 25b in 1973-74 and 1974-75.

During the year land and related costs totalling $142,136,137 were transferred to the Department of Public Works under the authority of Transport Vote 15d—Vote 20d of Appropriation Act No. 1, 1975.

	Cost	Appraised value	Total
Land	$100,567,837	$31,273,302	$131,841,139
Buildings and facilities	84,499,631	82,313,586	166,813,217
Construction in progress	306,135,552		306,135,552
	491,203,020	113,586,888	604,789,908
Less: Accumulated depreciation	8,636,569	28,951,860	37,588,429
	$482,566,451	$84,635,028	$567,201,479

3. Loans from Canada

Loans at March 31, 1975 are as follows:

Advanced	$539,194,214
Repayments	166,545,995
Loans outstanding	$372,648,219
Repayment due	8,298,841
Long-term loans from Canada	364,349,378
	$372,648,219

These amounts are for operating and capital purposes in the current and subsequent fiscal years at Montreal and Toronto International Airports and the new airports planned for those areas. These loans are to be repaid within twenty years with interest varying from 7 1/2% to 7 11/16% per annum. During the year interest amounted to $31,015,876 of which $28,725,769 was capitalized as assets under construction at new airports.

4. Unrecorded liabilities

In addition to the recorded liabilities, the Fund was obligated as at March 31, 1975 for compensation for properties expropriated estimated at $7,000,000.

5. Grants in lieu of taxes

No provision has been made for taxes exigible in 1974.

6. Interest in arrears

The amount of $3,458,552 represents interest that has been accumulated on advances totalling $17,125,000 for the construction of bridges and access roads at Vancouver International Airport. This interest accrued from the date the advances were made to December 20, 1974 at which time the bridges and access roads became part of the Airports Revolving Fund and the accrued interest became payable.

AUDITOR GENERAL OF CANADA
Ottawa, Ontario, July 18, 1975

THE HONOURABLE JEAN MARCHAND, P.C., M.P.,
MINISTER OF TRANSPORT
OTTAWA, ONTARIO

Dear Mr. Marchand,

I have examined the balance sheet of Airports Revolving Fund as at March 31, 1975 and the statements of operations, retained earnings and changes in financial position for the year then ended. My examination included a general review of the accounting procedures and such tests of accounting records and other supporting evidence as I considered necessary in the circumstances.

The equity of $2,527,676 in working capital, financed by parliamentary appropriations prior to April 1, 1969, represents the net amount owing to the Department of Transport on March 31, 1969 prior to the establishment of the Fund. For several years my predecessor and myself have noted that, as this amount was not due to the Fund, it should have been credited to departmental revenue as received and suggested that the amount be transferred from the Revolving Fund as revenue of the Department. The retention of this amount in the Fund has the effect of providing funds additional to the amount which Parliament has authorized to be advanced to the Fund for working capital, which at any time may not exceed $3,000,000.

In my opinion, subject to the foregoing, these financial statements give a true and fair view of the financial position of the Fund as at March 31, 1975 and the results of its operations and the changes in financial position for the year then ended, in accordance with generally accepted accounting principles applied on a basis consistent with that of the preceding year.

I further report that, in my opinion, proper books of account have been kept by the Fund, the financial statements are in agreement therewith and the transactions that have come under my notice have been within its statutory powers.

Yours sincerely,
J. J. MACDONELL
Auditor General of Canada.

Appendix 3

DEPARTMENT OF TRANSPORT

CONSOLIDATED STATEMENTS OF OPERATING RESULTS AND INVESTMENT POSITION FOR 213 AIRPORTS COVERING THE FISCAL YEARS ENDED MARCH 31, 1975 AND MARCH 31, 1974 (Note 1).

Consolidated Statements of Operating Results (Note 2)

Balance at end of year	419,467	393,126
Total Investment Position	1,314,539	1,327,952

NOTES:

(1) The above financial statements include the Department's investment in airports which it does not operate, so as to reflect its total investment.

(2) The above statements have been prepared on an accrual basis. A reconciliation of these figures with cash revenues and expenditures included in the details of Vote 15 and Vote L30 follows:

	($000's)	
	Revenues	Expenditures
	$	$
Accrued totals	106,207	222,864
Adjustments:		
Non-cash items	4,287	(123,729)
Revolving Fund Overhead, Grants in lieu of taxes and employee fringe benefits		42,409
Cash Totals	101,920	141,544

(3) Depreciation is charged at 3⅓% on hard-surfaced runways, 4% on terminal buildings, and on other assets ranges from 5% to 20%.

(4) The other overheads included provision for interest on investment, administrative overhead, and employee fringe benefits.

(5) Revenues and expenditures, which are applicable to the Airports Revolving Fund for Montreal and Toronto International Airports, have been included in this statement in order to show operating results on a basis comparable with the previous year.

TREASURY BOARD

Department

Objectives

In accordance with the responsibility delegated by the Privy Council as set out in the Financial Administration Act:

—The selection of programs and projects that will achieve the objectives of the Government in the most effective manner and in accordance with its priorities.

—The efficient use of manpower and material resources by departments and agencies in the operation of their programs and projects.

—To provide for unforeseen and urgent expenditures which arise after the Main Estimates have been tabled; to provide funds for centrally managed programs.

—Provision of the Government's contribution, as the employer, to employee benefit plans.

National Research Council of Canada

Objective

—To promote, assist and perform research for the creation of new scientific knowledge, and for the application of science; and to promote effective use of national scientific and technological resources for the social and economic advancement of Canada.

Appendix 1

PUBLIC SERVICE SUPERANNUATION ACCOUNT

	Debit	Credit
Balance as at March 31, 1974		$5,427,502,238 56
RECEIPTS		
Employees—Government, Crown Corporations, etc.		167,116,809 05
Retired employees		1,121,332 98
Matching contribution—Government		141,270,829 69
Crown Corporations		10,882,558 44
Transferred from other pension funds		4,426,672 85
Interest		227,008,801 33
Actuarial liability adjustment		625,800,000 00
		1,177,627,004 34
DISBURSEMENTS		
Annuities	$ 161,649,882 37	
(a) Gratuities	159,577 51	
(b) Residual amounts	380,178 67	
Withdrawals of contributions	20,069,994 27	
Transfer to other pension funds	2,571,719 40	
	184,831,352 22	
Balance as at March 31, 1975	6,420,297,890 68	
	$6,605,129,242 90	$6,605,129,242 90

(a) Amounts equal to one month's pay for each year of pensionable service, not exceeding ten.

(b) Amounts paid to contributors estates or in certain cases to payees authorized by Treasury Board where there is no one to whom an allowance provided by the Act may be paid and where the amounts already paid are less than the amounts contributed.

NOTE: Amendments to the superannuation regulations provided for the calculation of interest at a revised rate (related to the Canada Pension Plan interest rate) commencing with the quarter ended September 30, 1969. The Act provides that the amounts, by which the interest calculated at the revised rates exceeds the amount of interest calculated at the rate used in the latest actuarial report, may be used to reduce the amortization of actuarial deficiences. During 1974-75 the additional interest amounted to $137,333,894.56 and was charged to interest on the public debt and credited to the annual amortization charge of acturial deficiencies.

Government matching contributions and net acturial liability adjustment were allocated to departmental programs.

Appendix 2

PUBLIC SERVICE DEATH BENEFIT ACCOUNT

	Debit	Credit
Balance as at March 31, 1974	$	$30,607,505
RECEIPTS		
Contributions—		
Employees—		
Government and Crown Corporations		15,212,759
Government—		
One-sixth of benefit payments general		2,355,980
Single premium for $500		959,033
Crown Corporations		152,801
Interest		2,073,029
		20,753,602
DISBURSEMENTS

URBAN AFFAIRS

Ministry

Objectives

—To formulate and develop policies which will exert a beneficial influence on urbanization in Canada;

—To promote the integration of urban policy with other policies and programs of the Government of Canada; and

—To foster co-operative relationships in urban affairs with the provinces and their municipalities and with private organizations.

Central Mortgage and Housing Corporation

Objective

—To promote the construction of new houses, the repair and modernization of existing houses, and the improvement of housing and living conditions in Canada.

National Capital Commission

Objective

—To develop the National Capital Region as a symbol of identity for all Canadians.

VETERANS AFFAIRS

Objectives

—To provide executive direction and certain common administrative and professional services to the department as a whole.

—To provide assistance to veterans and certain civilians who are unable to provide for their maintenance.

—To provide sheltered employment by production and sale of Vetcraft products.

—To provide service-related death and disability pensions to ex-members of the armed forces or their dependants.

—To provide an independent professional legal aid service to persons seeking to establish claims under the Pension Act and allied statutes and orders.

—To provide medical services for qualified veterans suffering from service-connected disabilities.

—To effect the settlement of qualified veterans as farmers, small holders, commercial fishermen and home-steaders, including Indian veterans on reserves.

MISCELLANEOUS PAYMENTS BY PROVINCES

FINANCE

SUBSIDIES AND OTHER PAYMENTS TO PROVINCES

Payments to provincial governments under the British North America Act, the Federal-Provincial Fiscal Arrangements Act and other statutory authority.

Subsidies to provinces (British North America Act 1867 to 1952 and other statutory authority)

Subsidies . . . . . (10) 33,807,694

Payments of subsidies to provinces are shown in the first column of the statement following the last sub-vote of this category. Details will be found in appendix 2 to this section.

Payments to provinces as provided under the Federal-Provincial Fiscal Arrangements Act 1967, c. 89, 1967 and the Federal-Provincial Fiscal Arrangements Act 1972, c. 8, 1972

Payments . . . . . (10) 2,290,633,796

Under the provisions of the Federal-Provincial Arrangements Act, the Minister of Finance was authorized, where applicable, to pay to each province a tax equalization payment, a provincial tax revenue guarantee, and 20% of the federal tax under Part IX of the Income Tax Act.

For the fiscal period 1972-77, the federal government undertook to pay equalization to all provinces that have an overall fiscal capacity deficiency (i.e., the revenue base applicable to each province for each revenue source is less overall than their share of the population). The equalization payable to such provinces is the sum of the amounts derived by multiplying for each revenue source the revenue of all provinces for that source by the aforementioned fiscal capacity indices appropriate to each revenue source. The federal government undertook for the same period to stabilize net general revenues of each province at 100% of their yield for the previous year; to pay those provinces whose income tax law and rates were converted to conform to the new federal income tax structure adopted as of January 1, 1972 the amount of any revenue loss suffered by such conversion, and 20% of the federal Part IX tax on the post-tax reform distribution by corporations of income accumulated prior to tax reform.

A distribution by provinces appears in the second column of the statement following the last sub-vote of this category.

Payments to Quebec as provided under the Established Programs (Interim Arrangements) Act, c. 54, 1964-65, and the Federal-Provincial Fiscal Revision Act, c. 26, 1964.

Hospital Insurance and Diagnostic Services Act . . .	34,974,605
Special welfare program comprising the Blind Persons Act, Disabled Persons Act, Unemployment Assistance Act and Canada Assistance Plan	240,123,266
Youth Allowances	-98,691,565
Expenditures	176,406,306

The Established Programs (Interim Arrangements) Act, 1964-65 stipulates that where a province that is participating in a program enumerated in schedule I of the Act, as amended, desires to have that program become a program that is to be wholly administered and financed by the province the appropriate Minister and the Minister of Finance, with the approval of the Governor-In-Council and notwithstanding any provision of the authorizing instrument or any regulation made thereunder or in respect thereto, may together enter into a supplementary agreement on behalf of the Government of Canada with the province for the purpose of enabling the province to assume responsibility for that program. Where a province has entered into a supplementary agreement with respect to a standing program, the Minister of Finance may pay to that province an operating cost adjustment payment computed in accordance with section 7 in respect of a year for which an additional tax abatement has been provided under this Act in respect of that province. Quebec was the only province which entered into such an agreement for the current fiscal year.

The Federal-Provincial Fiscal Revision Act, 1964, c.26, section 6, Youth Allowances Act provides that, where in any fiscal year commencing on or after April 1, 1964, the federal savings in respect of a province providing schooling allowances exceeds the federal revenue abatement in respect of that province for the taxation year ending in that fiscal year, the Minister of Finance may, out of the consolidated revenue fund, pay to that province in respect of that fiscal year an amount equal to the excess. It also provides that, where the federal savings in respect of a province providing schooling allowance is less than the federal revenue abatement, the Minister of Finance may deduct the amount by which the federal revenue abatement exceeds the federal savings from any payment to that province. Quebec being the only province providing schooling allowances in 1964, was the only province accorded a tax abatement in lieu of federal youth allowances being paid its 16 and 17 years old. On the federal family allowances program being extended as of January 1, 1974 to embrace 16 and 17 years. Quebec discontinued its schooling allowance program and the free value of the tax abatement associated with the latter program is recovered from that province.

An amount of $98,691,565 was recovered by an equivalent deduction from monies payable to Quebec in the current fiscal year under the Federal-Provincial Fiscal Arrangements Act and the Established Programs (Interim Arrangements) Act, as printed under the Federal-Provincial Fiscal Revision Act 1964 as amended by section 7 of the Statutes of Canada 1973-74, c. 45.

Payments to provinces under the Oil Export Tax Act (10) 111,111,163

Payments

Payments to provinces are shown in the fourth column of the statement following this category.

LABOUR

GOVERNMENT EMPLOYEES COMPENSATION

Payments of compensation respecting government employees (Chap. 134, R.S., as amended), merchant seamen (Chap. 45, statutes of 1964-65) and employees of mines now operated by Cape Breton Development Corporation who incurred silicosis prior to acquisition by the Corporation.

Payments of employment injury claims for public service employees	(1)	$5,881,360
Federal government's share of administration expenses of provincial boards	(4)	1,009,999
Merchant seamen compensation	(10)	12,762
		$6,904,121

The claims of employees eligible for compensation are dealt with and paid by the Provincial Workmen's Compensation Boards from funds advanced by the Federal Government. Claims of employees resident in the Northwest Territories and the Yukon Territory are adjusted through the Workmen's Compensation Board of Alberta.

Details of transactions resulting in the above mentioned expenditures follow:

NATIONAL HEALTH AND WELFARE

HEALTH CARE PROGRAM

Contributions to the provinces pursuant to the Health Resources Fund Act, C.42, 1966 (from inception)
(in thousands of dollars)

Provinces and Territories	Allocation under Act	Approvals	Free balance	Amounts debited to accounts	Payments made to provinces	Unliquidated approvals
Newfoundland	9,861	9,860	1	9,735	24,301	125
Prince Edward Island	2,169	625	1,544	624	30	1
Nova Scotia	15,109	11,160	3,949	11,143	21,789	17
New Brunswick	12,327	4,448	7,879	4,296	3,224	152
Quebec	115,531	78,413	37,118	64,532	66,214	13,881
Ontario	139,114	121,017	18,097	109,565	111,564	11,452
Manitoba	19,247	11,098	8,149	9,663	9,663	1,435
Saskatchewan	19,093	19,093		11,885	12,300	7,208
Alberta	29,242	27,689	1,553	25,086	25,086	2,603
British Columbia	37,446	11,264	26,182	10,855	11,219	409
Northwest Territories	574	113	461	113	113	
Yukon Territory	287		287			
Total	400,000	294,780	105,220	257,497	285,503	37,283
Additional allocation to Atlantic provinces	25,000	19,350	5,650	17,203		2,147
Allocation for projects of national significance	75,000	15,915	59,085	10,803		5,112
Total Fund	500,000	330,045	169,955	285,503	285,503	44,542

When two or more provinces contribute from their per capita allocation of the $400 million portion to a regional project located in one of the provinces, the federal contributions are debited against the accounts of the contributing provinces and against the Atlantic Portion or the National Significance Allocation where applicable. Payments are made to the province where the project is located.

URBAN AFFAIRS

CENTRAL MORTGAGE AND HOUSING CORPORATION

Contributions to municipalities to assist in the clearance, replanning, rehabilitation and modernization of blighted or substandard areas, National Housing Act 1954, C. 23, 1953-54, as amended (10) 3,621,364

Section 23 of the Act authorizes the Corporation, with the approval of the Governor in Council, to enter into agreements with municipalities providing for the payment to a municipality of contributions in respect of one half of the cost to the municipality of acquiring and clearing, whether by condemnation proceedings or otherwise, an area of land in the municipality. The same section authorizes the Corporation to be paid the money required to carry out such agreements. A payment made under this section shall not be greater than the amount by which the aggregate of $300,000,000 and any additional amounts authorized by Parliament exceeds the total amount of payments made. Payments to date were $178,721,954.

Total payments under the Act during the fiscal year to reimburse the Corporation for contributions made to municipalities were $14,787,963 of which $11,166,599 for the period April to December 1974 was charged to the Statutory Vote. In addition an expenditure made in 1973-74 under the Act for the period January to March 1974 in the amount of $2,286,947 was also charged to the Statutory Vote and credited to non-tax revenue–refunds of previous years expenditure.

Details of payments by city, by province follow:

NOTES: The information reported refers to payments by the National Research Council to the research councils of certain provinces for technical information and support services. In view of the fact that these payments have previously been included in reports on federal-provincial shared-cost programs, they have again been included in this report. However, in the absence of a precise definition of a federal-provincial shared-cost program, there is some doubt as to whether or not these payments should be classified as such or only as contracts for services.

Rates for Allowances are effective October 1, 1974

SEPARATION EXPENSE

Separation Expense is paid to a member of the Regular Force and of the Reserve Force on Class "C" Reserve Service who is posted to a unit where single quarters, rations, or single quarters and rations are not available and his wife or dependent child has not been moved to his new place of duty at public expense, or having been moved to his new place of duty at public expense, is subsequently moved in advance of the member on authority of the Chief of the Defence Staff, or are evacuated on authority of the Minister when emergency exists, or when rations and quarters are provided, in amounts up to $350.00 for an officer, or up to $305.00 for a man where he cannot be provided with rations and quarters, or when either quarters or rations are provided the amount of Separation Expense shall be reduced to such amounts as the Minister may determine, or when rations and quarters are provided the amounts are (a) $30.00 for an officer; (b) $22.50 for a man above the rank of Corporal; and (c) $15.00 for a man of the rank of Corporal and below.

CLOTHING UPKEEP ALLOWANCE

An officer or man of the Regular Force or of the Reserve Force on Class "C" Reserve Service shall be paid clothing upkeep allowance, except under specific conditions, to enable him to maintain his basic kit clothing. The rates authorized are $8.00 a month for female members and $7.00 a month for male members.

EXCEPTIONAL HAZARD ALLOWANCE

An allowance of $50.00 per incident is paid to an officer or man who, having been ordered to do so, carries out normal disposal procedures on a known or suspected improvised explosive device, or carries out normal disposal procedures on any other extremely hazardous explosives.

AIRCREW ALLOWANCE

(*a*) For the purposes of this article, "pilot" means an officer below the rank of Colonel of the Regular Force or of the Reserve Force on Class "B" or Class "C" Reserve Service who is qualified in the flying of aircraft to the standard prescribed in orders issued by the Chief of the Defence Staff. (*b*) Subject to any limitations prescribed by the Minister, an officer or man of the Regular Force or of the Reserve Force on Class "B" or Class "C" Reserve Service is, unless he is receiving Paratroop Allowance, Rescue Specialist Allowance, Casual Aircrew Allowance, Air Duty Allowance or Casual Air Duty Allowance entitled to Aircrew Allowance at the rate of $100.00 a month if he is a pilot or qualified in the operation of aircraft or airborne equipment to the standard prescribed in orders issued by the Chief of the Defence Staff and is employed in a flying position designated by the Minister for the purposes of this article.

CASUAL AIRCREW ALLOWANCE

(*a*) For the purposes of this article, "day" means a calendar day. (*b*) Subject to (*c*) of this article and to any limitations prescribed by the Minister, an officer or man who is not entitled to Rescue Specialist Allowance, Aircrew Allowance, Air Duty Allowance or Casual Air Duty Allowance is, for each day during any part of which he performs duty in an airborne aircraft other than as a Paratrooper or Rescue Specialist or as a passenger, entitled to Casual Aircrew Allowance in the amount of $10.00 if: (i) he is undergoing flying training to become a pilot; or (ii) the duty performed is of a kind designated by the Minister for the purposes of this article. (*c*) Unless the Minister otherwise directs, the total amount of Casual Aircrew Allowance payable in a calendar month to an officer or man shall not exceed $100.00.

AIR DUTY ALLOWANCE

Subject to any limitations prescribed by the Minister, an officer or man of the Regular Force or of the Reserve Force on Class "B" or Class "C" Reserve Service is, unless he is receiving Paratroop Allowance, Rescue Specialist Allowance, Aircrew Allowance, Casual Aircrew Allowance or Casual Air Duty Allowance entitled to Air Duty Allowance at the rate of $65.00 a month if he is qualified in the operation of airborne equipment and is employed in a flying position designated by the Minister for the purposes of this article.

CASUAL AIR DUTY ALLOWANCE

(*a*) For the purposes of this article, "day" means a calendar day. (*b*) Subject to (*c*) of this article and to any limitations prescribed by the Minister, an officer or man who is not entitled to Rescue Specialist Allowance, Aircrew Allowance, Casual Aircrew Allowance or Air Duty Allowance is, for each day during any part of which he performs duty in an airborne aircraft other than as a Paratrooper or Rescue Specialist or as a passenger, entitled to Casual Air Duty Allowance in the amount of $6.50 if: (i) he is undergoing flying training to become qualified, other than as a pilot, in the operation of aircraft or airborne equipment; or (ii) the duty performed is of a kind other than one designated by the Minister. (*c*) Unless the Minister otherwise directs, the total amount of Casual Air Duty Allowance payable in a calendar month to an officer or man shall not exceed $65.00.

FIELD OPERATIONS ALLOWANCES

(*a*) For the purposes of this article, "Field Operation" has the meaning prescribed in orders issued by the Chief of the Defence Staff. (*b*) Subject to any limitations prescribed by the Minister, an officer or man who is not receiving Foreign Duty Allowance is entitled, when he is on duty for a period of not less than twenty-four consecutive hours on a field operation away from the permanent facilities normally occupied by his base or other unit or element, to: (i) $3.00 for each complete twenty-four hour period of that duty; and (ii) $3.00 for any remaining period of that duty that is of six or more hours duration.

DIVING ALLOWANCE

(*a*) Subject to any limitations prescribed in orders issued by the Chief of the Defence Staff, an officer or man is entitled to Diving Allowance: (i) at the rate of $175.00 a month if he is a clearance diving officer, clearance diver or diving instructor and is filling a designated position requiring diving duties; or (ii) at the rate of $40.00 a month if he is filling a designated position requiring the specialty of ship's diver or shallow water diver. (*b*) A clearance diving officer, clearance diver or diving instructor who is filling a designated position requiring diving duties is, in addition to his entitlement under (*a*) (i) of this article entitled to an allowance of $12.00 for each day during any part of which he dives below 200 feet in a submersible, except that the total amount of such daily allowance payable to an officer or man in a calendar month shall not exceed $60.00.

Salaries, Wages and Other Personnel Costs (1)—*Continued*

NATIONAL DEFENCE—*Continued*

DEFENCE SERVICES PROGRAM—*Continued*
GENERAL EXPENDITURES INCLUDED—*Continued*

CASUAL DIVING ALLOWANCE

(*a*) For the purpose of this article, "day" means a calendar day. (*b*) Subject to (*c*) of this article and to any limitations prescribed in orders issued by the Chief of the Defence Staff, an officer or man who is not entitled to Diving Allowance is, for each day during any part of which he is undergoing diving training or performs diving duties, entitled to Casual Diving Allowance in the amount of (i) $6.00 if the training undertaken or duty performed involves clearance diving; or (ii) $4.00 if the training undertaken or duty performed involves ship's diving or shallow water diving. (*c*) The total amount of Casual Diving Allowance payable in a calendar month to an officer or man shall not exceed: (*a*) $175.00 under (*b*)(i) of this article; or (*b*) $40.00 under (*b*)(ii) of this article.

FOREIGN DUTY ALLOWANCE

This allowance is payable to members of the Canadian Forces serving outside Canada who are not entitled to Foreign Service Allowances. The monthly rate of Foreign Duty Allowance is $50.00 plus an amount ranging between $50.00 and $150.00 dependent upon the Post Rating Level allocated by the Minister of National Defence.

ALLOWANCES UNDER FOREIGN SERVICE ALLOWANCE REGULATIONS

TB 711190 May 4, 1972, effective May 4, 1972, as amended by TB 731445 November 1, 1974, authorized payment of the following allowances to members of the Armed Forces posted for duty to a country outside Canada; foreign service allowance—based on the cost of living at the place of duty, the rank and marital status of serving member; rent allowance—reimbursement of rent paid in excess of the member's basic share to a maximum determined by his rank; education allowance—reimbursement of actual expenses for the primary or secondary school education of dependent children not over 21 years of age, to the maxima prescribed in the regulations, where adequate free educational facilities are not available; educational travelling allowance—to permit the child, if attending school at a location other than the member's place of duty, to visit his parents or vice versa once each year; dislocation allowance—payable to a member on posting to a place of duty outside Canada and the U.S.A. at the rate of $325.00 if accompanied and $175.00 if unaccompanied, and on return $75.00 and $25.00; post differential allowance—payable to a member serving at a place for which the Treasury Board has prescribed a post differential number at a rate ranging from $33.33 to $83.33 per month; clothing allowance based on salary, number dependants, and length of time served at tropical post, payable to a member on posting to a non-tropical post.

SUBMARINE ALLOWANCE

Subject to any limitations prescribed in orders issued by the Chief of the Defence Staff, an officer or man is entitled to Submarine Allowance at the rate prescribed for his rank and classification in: (a) Column "A" of the table to this article if he is qualified for duty in and (i) is posted to a submarine, or (ii) is not posted to but is serving in a submarine; or (b) Column "B" of the table to this article when he is undergoing submarine training at sea; or (c) Column "C" of the table to this article when he is (i) undergoing a training course ashore of more than six months duration designated by, and under such conditions as may be prescribed by, the Chief of the Defence Staff, if immediately prior to commencing that training course he was receiving the allowance under (i) of paragraph (a) of this article, or (ii) filling an annotated position as designated in orders issued by the Chief of the Defence Staff.

Rank	Monthly Rates (in dollars) Column "A"	Column "B"	Column "C"
Officer Cadet and Above	265	205	165
Master Warrant Officer and Above	265	205	165
Warrant Officer and Below	205	165	105

CASUAL SUBMARINE ALLOWANCE

(*a*) For the purposes of this article, "day" means a calendar day. (*b*) Subject to (*c*) of this article and to any limitations prescribed in orders issued by the Chief of the Defence Staff, an officer or man who is not entitled to Submarine Allowance is, for each day during any part of which he performs duty in a submarine at sea, entitled to Casual Submarine Allowance in the amount of $7.00. (*c*) The total amount of Casual Submarine Allowance payable in a calendar month to an officer or man shall not exceed $100.00.

ISOLATION ALLOWANCE

Isolation Allowance is paid to members of the Canadian Forces posted for duty at a place designated as an isolated post. The allowance varies according to conditions at various posts and, subject to a scaled classification assigned to the isolated post from time to time by the Treasury Board, could range monthly from $42.00 to $566.00 for accompanied personnel and from $24.00 to $333.00 a month for unaccompanied personnel.

SEA DUTY ALLOWANCE

Subject to any limitations prescribed in orders issued by the Chief of the Defence Staff, an officer or man posted to a ship other than a submarine, or posted to any comparable vessel of a force other than the Canadian Forces, is entitled to a Sea Duty Allowance in the amount of: (*a*) $100.00 a month; or (*b*) $150.00 a month if he has served 10 or more years on ships, submarines, or any comparable vessel of a force other than the Canadian Forces.

CASUAL SEA DUTY ALLOWANCE

Subject to any limitations prescribed in orders issued by the Chief of the Defence Staff, an officer or man who is not entitled to Submarine Allowance or Sea Duty Allowance is, for each day during any part of which he performs duty in a ship at sea, entitled to casual Sea Duty Allowance in the amount of $7.00. The total amount of Casual Sea Duty Allowance payable in a calendar month to an officer or man shall not exceed $100.00.

PARATROOP ALLOWANCE

(*a*) Subject to any limitations prescribed in orders issued by the Chief of the Defence Staff, an officer or man is, while undergoing parachutist training or filling a position requiring parachute jumping, entitled to Paratroop Allowance at the rate of $75.00 a month unless he is receiving Rescue Specialist Allowance, Aircrew Allowance or Air Duty Allowance. (*b*) An officer or man who is receiving Paratroop Allowance under (i) of this article shall continue to receive that allowance during any period for which he is entitled to Casual Aircrew Allowance or Casual Air Duty Allowance.

SOLICITOR GENERAL

Royal Canadian Mounted Police

Rates of pay are authorized by Treasury Board under the provisions of the Royal Canadian Mounted Police Act, c.54, 1959. The following was the strength in the various commissioned and non-commissioned ranks as at March 31, 1975: 1 commissioner, 3 deputy commissioners, 16 assistant commissioners, 24 chief superintendents, 86 superintendents, 255 inspectors, 1 corps sergeant-major, 11 staff sergeants-major, 21 sergeants-major, 656 staff-sergeants, 1262 sergeants, 2532 corporals, 6954 constables, 1149 special constables and 1212 civilian members. The annual rates of pay for commissioned officers, under the rank of assistant commissioner, as at March 31, 1975, under authority of T B/ C T 728152 were as follows: chief superintendent $28,000, superintendent $23,100 to $25,000, inspector $19,900 to $21,700.

The annual rates of pay for other ranks as at March 31, 1975, were as follows: corps sergeant-major $18,575, staff-sergeant major and sergeant major $18,515, staff-sergeant $17,859 to $18,395, sergeant $16,486 to $16,980, corporal $15,112 to $15,565, constable $10,794 to $14,150.

The Commissioner is authorized to engage special constables and civilian members under authority of the Royal Canadian Mounted Police Act. Rates of pay range from $6,861 to $27,630.

TB 728152 authorized payment to each non-commissioned officer and constable a service pay of $5 per month for each 5 year period of service.

Expenditures for allowances consisted of: plain clothes allowance at the rate of $425 per annum $1,283,776, clothing allowance on appointment to commissioned rank $25,291, kit upkeep allowance at the rate of $6 per month $507,676, foreign service allowance $260,266, language allowance $65,081, home leave allowance $555, isolated posts allowance $987,833 and miscellaneous allowances $344.

PRIVY COUNCIL

Indian Claims Commission

Commissioner L I Barber received payment at a per diem rate of $200.

EXPENSES OF THE INDIAN CLAIMS COMMISSION

		Estimates	Allotments	Expenditures
Expenses	(12)	$305,000	$351,000	$349,886

P C 1969-2405, December 19, 1969, authorized the appointment of Dr Lloyd Barber as a commissioner, under Part I of the Inquiries Act to inquire into, study and report on how the second and third classes of Indian claims may best be adjudicated, to consult with authorized representatives of the Indians and,

(a) to receive and study the grievances arising in respect of:
  (i) the performance of the terms of treaties and agreements formally entered into by representatives of the Indians and the Crown; and
  (ii) the administration of moneys and lands pursuant to schemes established by legislation for the benefit of the Indians;
(b) to recommend measures to be taken by the Government of Canada to provide for the adjudication of the claims received that he considers can be demonstrated to require special action in relation to any group or groups of Indians; and
(c) to advise as to categories of claims that, in his judgment, ought to be referred to the courts or to any special quasijudicial or administrative bodies that he recommends as being desirable for adjudication of special awards.

The Order in Council also authorized the commissioner to exercise all the powers conferred on him by Section 11 of the Inquiries Act; to adopt such procedures and methods and to make such rules, including rules establishing time limits for the reception of claims, that he deems expedient for the proper conduct of his inquiry and study and to sit at such times and places as he may decide; to engage the services of such counsel, advisers and staff as he may require at rates of remuneration approved by the Treasury Board and to secure such advice and assistance as he may require from the service of Canada; to propose measures for the consideration of the Governor in Council that, in his opinion, would facilitate the conduct of his consultation, inquiry and study; report to the Governor in Council with all reasonable despatch, and file with the Dominion Archivist his papers and records as soon as reasonably may be after conclusion of his inquiry and study.

EXPENSES OF THE AIRPORT INQUIRY COMMISSION

	Estimates	Allotments	Expenditures
Expenses (12)	$500,000	$545,800	$545,770

P C 1973-3026, dated October 5, 1973,

WHEREAS the Government of Canada has decided that Toronto International Airport, Malton, will not be expanded beyond its present boundaries in order not to further increase the degree of disturbance from flight operations to the people now living in communities surrounding Toronto International Airport, Malton;

AND WHEREAS the Government of Canada has decided that the air transportation needs of the central Ontario market require that there be established another international airport in addition to Toronto International Airport, Malton;

AND WHEREAS the Government of Canada has chosen a site near Pickering, Ontario to be the location for the new International Airport;

AND WHEREAS it is desired to provide a means of receiving new evidence as to the need for and location of such an airport and new evidence of any relevant factor that has not been considered by the Government of Canada, if available and forthcoming;

AND WHEREAS there are other matters necessarily inter-related to and affected by such decisions in respect of which it is desired that there be an inquiry.

THEREFORE, THE COMMITTEE OF THE PRIVY COUNCIL advise that, pursuant to Part I of the Inquiries Act, the Honourable Mr. Justice Hugh F Gibson, a Judge of the Federal Court of Canada, of the City of Ottawa in the Province of Ontario, Murray V Jones, Esquire, of the City of Toronto in the Province of Ontario, and Dr Howard Petch, Esquire, of the City of Kitchener in the Province of Ontario, be appointed Commissioners under Part I of the Inquiries Act (to be known as the "Airport Inquiry Commission") to inquire into and report upon the air transportation needs of the central Ontario market as follows:

1. In relation to the decisions that there is a need for a new International Airport for the central Ontario market and that the new International Airport be located on the site near Pickering, Ontario, to receive and record new evidence, if available, and, if available and adduced, to report on such new evidence in response to the following questions:
   (a) respecting need,
      (i) is there any new evidence as to what is the expected maximum passenger traffic volume in the domestic, trans-border and international air traffic markets for the year 1980 and what are the best estimates of rates of growth beyond 1980, and
      (ii) is there any new evidence that Toronto International Airport, Malton, can be expanded or reconfigured, within present boundaries, to meet all reasonable needs, having regard to runway capacity, ground access, terminal capacity and the number of people affected by disturbance from flight operations for the period up to 1980, 1990 and 2000;
   (b) respecting location,
      is there any new evidence to prove that the site near Pickering, Ontario is not suitable for the new International Airport for the central Ontario market having regard to
      (i) disturbance from flight operations,
      (ii) passenger convenience,
      (iii) regional economic effect,
      (iv) total environmental effect, positive and negative, and
      (v) facilities required, including related infrastructures such as roads, railways, guideways and helicopter facilities, and
   (c) generally, is there any new evidence of any relevant factor that has not been considered by the Government of Canada, such, for example, as established facts on technology or travel habits, that may appear to affect any decision of the Government of Canada taken to date?
2. To receive and report on any evidence adduced and, if deemed advisable, to make recommendations in so far as they are within federal legislative jurisdiction in response to the following questions:
   (a) should the new International Airport be principally international in character or should it serve some other function,
   (b) what airline traffic sectors or parts thereof should be allocated to the new International Airport in the major first phase in order to relieve the disturbance caused by flight operations at Malton,
   (c) to what extent should domestic and United States traffic be served at the new International Airport in addition to the airport having an international role,
   (d) should the opening date of the major first phase be 1980 or later,
   (e) should there be a partial or limited opening of the new International Airport prior to 1980,
   (f) what should be the nature of
      (i) the ground access to the new International Airport, and
      (ii) the inter-airport transportation between Toronto International Airport, Malton, and the new International Airport, and
   (g) from the point of view of passenger convenience, should a downtown terminal or terminals be established in respect of Toronto International Airport, Malton or the new International Airport?

Airport Inquiry Commission–*Concluded*

3. For the purpose of reporting under subparagraphs 1(a), (b) and (c), to receive new evidence, if any is forthcoming and adduced in accordance with the practices and procedures of the Commission, from any private member of the public, any interested agency, any group or corporation and any representative of the federal or any provincial, regional or municipal government who desires to give evidence.

4. For the purpose of reporting and if deemed advisable making recommendations under paragraph 2, to receive evidence, if forthcoming and adduced in accordance with the practices and procedures of the Commission, from any private member of the public, any interested agency, any group or corporation and any representative of the federal or any provincial, regional or municipal government who desires to give evidence.

THE COMMITTEE further advise that

A. the Honourable Mr Justice Hugh F Gibson be appointed Chairman of the Airport Inquiry Commission;

B. the Chairman be authorized to prescribe and adopt such practices and procedures for all purposes of the Commission as he may from time to time deem expedient for the proper conduct of the inquiry and to vary those practices and procedures from time to time;

C. the Commissioners be authorized to sit at such times and at such places and to view such other locations as the Chairman may from time to time decide;

D. the Commissioners be authorized to engage the services of such accountants, engineers, technical advisers or other experts, clerks, reporters and assistants as they deem necessary or advisable, and also the services of counsel to aid and assist the Commissioners in the inquiry, at such rates of remuneration and reimbursement as may be approved by the Treasury Board;

E. the Commissioners be authorized to rent such space for offices and hearing rooms as they deem necessary or advisable at such rental rates as may be approved by the Treasury Board; and

F. the Commissioners be authorized to submit interim reports to the Governor in Council from time to time and be requested to submit a final report to the Governor in Council with all reasonable despatch, if possible within twelve months.

THE COMMITTEE further advise that, pursuant to Section 37 of the Judges Act, the Honourable Mr Justice Hugh F Gibson be authorized to act as Commissioner for the purposes of the said inquiry.

Commission of Inquiry into the Marketing of Beef

Commissioners Maxwell W Mackenzie; Mrs Lydia Patry-Cullen; Dr H Harries received payment at a per diem rate of $250 and living allowance at a per diem rate of $65.

EXPENSES OF THE COMMISSION OF INQUIRY INTO THE MARKETING OF BEEF

	Estimates	Allotments	Expenditures
Expenses (12)		$91,400	$90,510

P C 1975-1, dated January 6, 1975.

The Committee of the Privy Council, on the recommendation of the Prime Minister, advise that, pursuant to Part I of the Inquiries Act, Maxwell Weir Mackenzie, Lydia Patry-Cullen and Hu Harries be appointed Commissioners under Part I of the Inquiries Act to hold a public inquiry covering all beef and veal marketed within Canada and

(a) to examine the organization and methods of operation of the marketing system for all grades of beef and veal including all live cattle, calves and carcass beef and veal sold within Canada whether imported or domestically produced taking into account:
  (i) each step in the distribution and processing system; and
  (ii) any geographical differences in the marketing system;
(b) to examine the price setting machanisms for all beef and veal sold in Canada, including the nature and extent of the price spreads which exist among the various elements of the marketing system;
(c) to examine the number of intermediaries in the system and the nature of the services they render;
(d) to report on the overall effectiveness of the marketing system including both the reasonableness of the costs incurred and of the price spreads which occur at each level and over the entire system;
(e) to submit to the government as soon as possible such recommendations as it may deem fit for improving the marketing of beef and veal in Canada.

THE COMMITTEE further advise that

(a) Maxwell Weir Mackenzie be designated Chairman of the Commission;
(b) the Commissioners may engage the services of such staff and technical advisers as they deem necessary or advisable and also the services of counsel to aid and assist them in their inquiry at such rates of remuneration and reimbursement as may be approved by the Treasury Board;
(c) the Commissioners may adopt such procedures and methods as they may from time to time deem expedient for the proper conduct of the Inquiry; may sit at such time and at such places as they may decide from time to time.

A classification of expenditures follows:

Names of Members of Commissions and Rates of Pay–*Continued*

PRIVY COUNCIL–*Concluded*

Public Service Staff Relations Board

Names of full-time members: J Finkelman, Chairman; G E Gauthier, Vice-Chairman (retired December 30, 1974); J H Brown, Deputy Chairman; Mrs M Falardeau-Ramsay, Deputy Chairman (appointed December 10, 1974); M W Wright, Deputy Chairman (appointed December 10, 1974–Resigned January 13, 1975); part-time members; C E Anshelm (appointed March 20, 1975); C P Chaston (deceased January 20, 1975); Miss H Cryderman (retired May 10, 1974); R Doucet; S Frankel (term expired March 2, 1975); E Gosselin; L Hemsworth (appointed March 20, 1975); A L Hepworth; E O'Connor; D G Pyle.

The rate of pay for part-time members was $150 per day for each day they were engaged on the work of the Board. Effective October 1, 1974, the rate was increased to $200 per day.

REGIONAL ECONOMIC EXPANSION

The following members of the Canadian Council on Rural Development were paid per diem rates of $100: J A Abramson, R Atkinson, Dr H Baker, T R Carter, Mrs C E Clark, F Cryderman, M Daneau, W P Dieter, M Fulton, G Henderson, G Hodge, W A Jenkins, R F Johnson, R Laforest, D Lea, F X Legare, D V Love, E McLean, P Moncrieff, N H Morse, W S Neal, S Nousiainen, C G O'Brien, N R Richards, A Robertson, D Snowden, M R Wilson.

SECRETARY OF STATE

National Film Board

Names of Members: S Newman, Chairman; J L Roux, Vice-Chairman (term expired July, 1974); A G S Griffin; D I Fortier; A W Johnson; D Snowden; L Picard; Mrs R Franko; J Wasserman.

Members received travelling and living expenses necessarily incurred in connection with the business of the Board; each member, other than the members of the public service, received a fee of $100 per diem for each day in attendance at meetings of the Board; the vice-chairman received a fee of $300 for the first day of each meeting.

National Museums of Canada

Board of Trustees–

The following members received travelling and other expenses when engaged on business of the Board and a fee of $125 per diem for each day they attended meetings of the Board or of any committee of the Board, unless in receipt of a salary fixed by the Governor in Council or the Treasury Board: A Bachand, J des Gagniers, G W P Heffelfinger, M C D Hobbs, G Ignatieff, W Dodge, M P La Breque, L Simard, M Tellier, S Weaver, J T Wilson.

Visiting Committee–

The following members received travelling expenses and a per diem of $125 for each day they attended meetings: B Appel, C Baillargeon, M M Corbeil, A Colville, R W Finlayson, M J des Gagniers, J R Longstaffe, M L Simard, C Wiens.

Consultative Committee–

The following members received travelling expenses and a per diem of $125 for each day they attended meetings: A Bachand, R Broadland, Prof L C Bliss, M Dansereau, N Dillow, Dr P Fry, M A Lalonde, L Lazarowich, M Lyall, G Markle, Dr G MacBeath, J P Morriset, F Pierre Pronovost, P Swann.

Representation Commissioner

By the Representation Act, 1974, Bill C-36, which came into force on December 31, 1974, the temporary suspension of the Electoral Boundaries Readjustment Act was repealed. The names of the members appointed pursuant to Section 5 of the Act are:

Newfoundland	–Chairman, Justice Nathaniel S Noel; members, Lt Commander H R Steele and Harvey Cole.
Nova Scotia	–Chairman, Justice Angus L MacDonald; members, A D Muggah and R A Lawrence.
Prince Edward Island	–Chairman, Justice John P Nicholson; members, J Francis MacMillan and Earle Kitchener Kennedy.
New Brunswick	–Chairman, Justice Henry E Ryan; members, Gwendolyn Black and Adelard Savoie.
Quebec	–Chairman, Justice François Chevalier; members, Dr D M Healy and François Drouin.
Ontario	–Chairman, Justice Campbell Grant; members, Prof Walter S Tarnopolsky and Justice F L Gratton.
Manitoba	–Chairman, Justice Robert Duval Guy; members, Dr Hugh H Saunderson and Charland Prud'homme.
Saskatchewan	–Chairman, Justice F W Johnson; members, Dr Norman Ward and Gordon L Barnhart.
Alberta	–Chairman, Justice Hugh J MacDonald; members, Hilda Wilson and W H MacDonald.
British Columbia	–Chairman, Justice J D Taggart; members, Dr Roderick Haig-Brown and Olive Woodley.
Northwest Territories	–Chairman, Justice G W Morrow; members, Nellie Cournoyea and Ross Peyton.

SOLICITOR GENERAL

Departmental Administration

Commission of Inquiry relating to Public Complaints, Internal Discipline and Grievance Procedures within the RCMP–Judge Rene J Marin, Robin Bourne, Inspector D K Wilson, Staff Sergeant R A Potvin. Ross Wimmer, $150 per diem for the period of November 5, 1974 to December 31, 1974 and at the rate of $300 per diem thereafter.

TREASURY BOARD

National Research Council of Canada

The full-time members of Council were: W G Schneider, W A Cummings, B A Gingras, R D Hiscocks, J D Keys; the part-time members eligible to receive a per diem rate of $100, plus travelling and other expenses for any period during which he performed duties on behalf of the Council in addition to his ordinary duties as a member thereof, were: A N Bourns, G G Cloutier, **L A Cox, C A Dagenais, T Gouin Decarie, L M Dickie, J S Dupre, R Fafard, P Grenier, *R R Haering, J M Ham, *J S MacDonald, V N Mackiw, D D Munroe, P N Nikiforuk, **G Savard, M E Spencer, **G M Volkoff, J C R Warren.

*(appointed 14.11.74)

**(resigned 31.12.74)

Names of Members of Commissions and Rates of Pay—*Concluded*

VETERANS AFFAIRS

The War Veterans Allowance Board consisted of D M Thompson chairman, J H Doucet deputy chairman, J H M Dehler (retired October 15, 1974), R W Fairclough, J M Favereau, E G Foote, D T McFarlane, H B Mersereau, members.

The Pension Review Board consisted of R N Jutras chairman, M A Fullerton, J R Miquelon, W P Power, P E Renolds.

BUREAU OF PENSIONS ADVOCATES

D K Ward Chief Pensions Advocate

The Canadian Pension Commission consisted of A O Solomon chairman, J M Forman deputy chairman, A Bedard, J G Bisson (resigned October 5, 1974), L E Blais, P Boyce, J M Cameron, H J Clarke, E L Davey, H C Ferne (resigned August 1, 1974), L C Gibbery, R F L Hanna, D H Harrison, J Hebda, C K H Kendall, D A Knight, R Labrosse, C Legault, M L MacFarlane (appointed November 28, 1974), R M McDonald (appointed November 28, 1974), E Morin, Y Pare, R J Teillet, J L Thompson, J L Wightman, Commissioners.

GRAINS

Payment in connection with the Prairie Grain Advance Payments Act

Payment	(10)	3,058,348

Section 15 of the Prairie Grain Advance Payments Act provides for payment to the Canadian Wheat Board of (a) interest charges paid or payable to the Board with respect to money borrowed by it or advanced on its behalf for the purposes of the Act, and (b) amounts of advance payments outstanding at the time of default, to the extent that the Board has not been reimbursed therefore after default.

The amount consisted of interest charges of $1,792,404, for the period April 1, 1974 to March 31, 1975, paid under Section 15 (a) of the Act, plus payment in respect of defaulted accounts $1,265,944 paid under Section 15 (b) of the Act. Cumulative payments to March 31, 1975 in respect of interest charges were $42,214,628, of defaulted accounts were $1,852,101 and refunds in respect of defaulted accounts were $42,272.

Payments in connection with the Prairie Grain Provisional Payments Act

Payment	(10)	41,587

Section 3 (1) of the Prairie Grain Provisional Payments Act authorized the Canadian Wheat Board to make provisional payments for the 1969-70 crop year in respect of future deliveries of unthreshed grain and Section 8 (1) provides that, for the purpose of making such payments, the Board may borrow money, and the Minister of Finance may, on behalf of Her Majesty, guarantee, on such terms and conditions as the Governor in Council may approve, repayment of money so borrowed and interest thereon.

Section 13 of the Provisional Payments Act provide for payment to the Canadian Wheat Board of (a) interest charges paid or payable to the Board with respect to money borrowed by it or advanced on its behalf for the purposes of the Act, and (b) amounts of provisional payments outstanding at the time of default, to the extent that the Board has not been reimbursed therefore after default.

The amount consisted of interest charges of $3,597 for the period April 1, 1974 to March 31, 1975, paid under Section 13 (a) of the Act, plus payments in respect of defaulted accounts of $37,990 paid under Section 13 (b) of the Act.

Working capital advance per Public Accounts	$ (275,360)	$ 2,730,474

NOTES TO THE FINANCIAL STATEMENTS

1. Accounting policy

   Depreciation
   Depreciation is calculated on a straight line basis over the estimated life of fixed assets, except for those financed from parliamentary appropriations or surpluses prior to March 31, 1971, and transferred to the Revolving Fund at appraised value at that date. Such assets are being depreciated at 20% per annum with effect from April 1, 1971.

2. Fixed assets
   Fixed assets financed from parliamentary appropriations or surpluses and transferred to the Revolving Fund as at April 1, 1971 are recorded in the accounts of the Fund at an appraised value, as determined by officers of the Department of Supply and Services at that date.

3. Lease obligation
   A contract approved by Treasury Board Minute 723506 of November 29, 1973 provided for the lease, installation and maintenance of computers and peripheral equipment for a four year period from January 1, 1974.

   Rental charges during the year for this equipment amounted to $429,084.

   The remaining lease liability at March 31, 1975 for the period April 1, 1975 to December 31, 1977 under this contract totals $1,232,046.

4. Retained earnings
   Treasury Board Minute 715922 of March 5, 1973 provided authority for the Printing Revolving Fund to carry forward in retained earnings a revenue surplus or shortfall not exceeding $1 million from year to year. In accordance with this authority the excess retained earnings of $1,265,422 as at March 31, 1975 will therefore be transferred to Non-tax Revenue.

5. Comparative figures
   Certain figures for the previous year have been reclassified to conform with the current year's presentation.

AUDITOR GENERAL OF CANADA
Ottawa, August 11, 1975

THE HONOURABLE JEAN-PIERRE GOYER, P.C., LL.B., M.P.,
MINISTER OF SUPPLY AND SERVICES,
OTTAWA

Dear Mr. Goyer,

I have examined the balance sheet of the Printing Revolving Fund as at March 31, 1975 and the related statement of operations for the year then ended. My examination included a general review of the accounting procedures and such tests of accounting records and other supporting evidence as I considered necessary in the circumstances.

In my opinion, these financial statements give a true and fair view of the financial position of the Fund as at march 31, 1975 and the results of its operations for the year then ended, in accordance with generally accepted accounting principles applied on a basis consistent with that of the preceding year.

I further report that, in my opinion, proper books of account have been kept by the Fund, the financial statements are in agreement therewith and the transactions that have come under my notice have been within its statutory powers.

Yours sincerely,

J. J. MACDONELL
Auditor General of Canada.

NOTES TO THE FINANCIAL STATEMENTS

1. Accounting policy

   Depreciation
   Depreciation is calculated on a straight line basis over the estimated life of fixed assets, except for those financed from parliamentary appropriations, which are being depreciated at 20% per annum with effect from April 1, 1973.

2. Fixed assets
   Fixed assets financed from parliamentary appropriations and transferred to the Supply Revolving Fund during 1972, 1973 and 1974 are recorded in the accounts of the Fund at an appraised value, as determined by officers of the Department of Supply and Services in those years.

3. Extraordinary item
   The extraordinary item of $1,069,000 represents a transfer to the Department of Supply and Services Administration Program–Vote 1 of the estimated cost to the Fund of special cost of living salary increases granted to government employees effective April 1, 1974 and included in the operating expenses of the Fund. An allotment of funds to cover the cost of these increases was made to that Vote from Treasury Board Vote 7b (Government Contingencies–Cost of Living Salary Increases) authorized by Appropriation Act No. 4, 1974, 1974-75, c.21.

4. Fixed assets financed from parliamentary appropriations
   Fixed assets transferred back to the Department of Supply and Services (Services Administration) during the year had a net book value of $67,069.

5. Comparative figures
   Certain figures for the previous year have been reclassified to conform with the current year's presentation.

AUDITOR GENERAL OF CANADA

Working Capital at End of Year	$ 27,025	$(61,925)

NOTES TO FINANCIAL STATEMENTS

1. Summary of Significant Accounting Policies

a) Property and equipment

Depreciation and amortization is provided by the straight line method and is based on the following estimated useful lives:

Boeing 747	16 years
Lockheed 1011	15 & 16 years
Boeing 727	14 years
DC-8	14 years
DC-9	12 years
Ground equipment and facilities	5 to 30 years

For accounting purposes, leased flight equipment is treated as though it is owned.

Expenditures for maintenance and repairs are charged to operating expenses as incurred. Significant expenditures for modifications and betterments are capitalized.

b) Spare parts

Provision for the obsolescence of aircraft spare parts, less their estimated residual value, is made by charges to operating expenses over the service lives of the related aircraft types.

c) Deferred charges

Costs incurred in introducing new types of aircraft are deferred and amortized on a straight line basis over five years, commencing with the time each type is placed into revenue service. Financing and other deferred costs are amortized on a straight line basis over the period to which they relate.

d) Passenger and freight revenues

Passenger and freight sales are recognized as earned revenue when the transportation service is provided. Unearned amounts are treated as current liabilities.

e) Capitalized interest

Interest on progress payments for major property and equipment additions is capitalized and included in their cost.

2. Spare Parts, Materials and Supplies

	1974	1973
	($000)	($000)
Spare parts – cost	61,618	49,718
Materials and supplies – cost	5,697	4,761
	67,315	54,479
Accumulated obsolescence	22,980	18,120
	44,335	36,359

AIR CANADA—*Concluded*

3. Property and Equipment

	1974	1973
	($000)	($000)
Cost		
Flight equipment	1,062,730	908,718
Ground equipment and facilities	276,579	253,896
	1,339,309	1,162,614
Accumulated depreciation and amortization	455,613	401,632
	883,696	760,982
Progress payments	42,387	65,755
	926,083	826,737

During the year, three aircraft (two L1011s and one DC-9) were sold and leased back from the purchasers. The terms of the leases are 16 and 12 years respectively.

4. Deferred Charges

	1974	1973
	($000)	($000)
Aircraft introductory costs	6,521	5,218
Financing and other deferred costs	2,255	2,408

1977	5.2 – 6.6	33,360	33,360
1978	6.5 – 7.0	22,680	22,680
1979	5.6 – 6.4	67,000	67,000
1980	6.7 – 7.2	90,000	90,000
1981	4.2 – 7.6	46,283	46,283
1985	5.9	17,497	17,497
1987	5.2	67,069	67,069
1989	8.0	140,000	
5½% Notes due 1982/84		27,459	29,703
6% Notes due 1983/84		47,470	14,362
Aircraft lease obligations		54,385	17,234
Other long term debt		2,063	2,769
		902,979	695,670
Current portion		9,460	4,675
		893,519	690,995

Long term debt repayment requirements over the next five years amount to $9,460,000 in 1975, $46,120,000 in 1976, $47,367,000 in 1977, $37,341,000 in 1978 and $84,200,000 in 1979.

Long term debt includes $120,988,000 payable in U.S. funds and $27,459,000 payable in pounds sterling which are converted at exchange rates prevailing at the dates of issue. If translated at December 31, 1974 rates of exchange, the principal amounts payable would be reduced by approximately $5,058,000.

6. Commitments

Commitments for the acquisition of 9 Boeing 727 and 1 Boeing 747 aircraft and related spare engines at December 31, 1974, after deducting progress payments, amounted to approximately $83,000,000. The aircraft are all scheduled for 1975 delivery.

Commitments for ground facilities and equipment amounted to $22,000,000 at December 31, 1974. Rental Payments due in 1975 under term leases for facilities in effect at December 31, 1974 amount to $10,100,000 (excluding leased aircraft which are included in long term debt).

7. Pensions and Other Benefits

The corporation is retiring the unfunded liability of its pension plans by annual payments of $2,521,000 as required by the Pension Benefits Standards Act by charges to operations. The actuarially determined present value of these amounts is approximately $26,000,000.

Other benefits approved by the corporation resulted in charging 1974 operating expenses with $2,352,000 in respect of amounts payable in future periods.

AUDITOR GENERAL OF CANADA
February 15, 1975

TO THE HONOURABLE
THE MINISTER OF TRANSPORT
OTTAWA

We have examined the balance sheet of Air Canada as at December 31, 1974, and the statements of income and retained earnings and changes in financial position for the year then ended. Our examination included a general review of the accounting procedures and such tests of accounting records and other supporting evidence as we considered necessary in the circumstances.

In our opinion, these financial statements are properly drawn up so as to give a true and fair view of the state of affairs of the corporation at December 31, 1974, and the results of its operations and the changes in its financial position for the year then ended, in accordance with generally accepted accounting principles applied on a basis consistent with that of the preceding year.

We further report that, in our opinion, proper books of accounts have been kept by the corporation and the transactions that have come under our notice have been within the powers of the corporation.

	$1,251,805	$1,491,136

The accompanying notes are an integral part of the financial statements.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED DECEMBER 31, 1974

1. Accounting policy

   The Atlantic Pilotage Authority was established on February 1, 1972 pursuant to the Pilotage Act. It is the practice that, until the revenue for pilotage charges is sufficient to permit the Authority to operate on a self-sustaining basis, any deficit, including capital expenditure, is to be recovered from parliamentary appropriations provided for that purpose. Accordingly, the excess of net expenditure over amounts received from parliamentary appropriations is recorded as accounts receivable; amounts received from appropriations in excess of the deficit are shown as such in the Equity of Canada.

   The cost of capital assets entrusted to the Authority in 1972 represents their original cost less accumulated depreciation to that date. Additions since that date have been recorded at cost. Equity of Canada has been credited with the cost of capital assets.

   Depreciation of capital assets is calculated on a straight-line basis over the anticipated useful lives of the assets. Although charged in the Statement of Income and Expenditure, depreciation is not recovered from parliamentary appropriations and therefore reduces the Equity of Canada to reflect the residual value of capital assets.

   The Statement of Income and Expenditure is prepared on an accrual basis except in respect of termination benefits which are expensed as paid (see Note 3).

2. Revenue payable to Canada

   Prior to December 11, 1973 a portion of pilotage and pilot boat charges were payable to Canada under the regulations then in force. The amount due to Canada of $299,575 represents the amount at December 31, 1974 not yet paid to Canada.

3. Termination benefits

   The financial statements do not reflect the termination benefits accruing to employees but instead the actual costs are expensed in the year of termination or retirement. The amount of these benefits at December 31, 1974 is estimated to be $465,000 as compared with $435,000 at the previous year-end.

4. Long-term commitment

   The Authority has an outstanding commitment in respect of two bare boat charters under terms of which it is required to pay an annual rental of $62,153 up to and including 1989.

5. Remuneration of members and officers

   Expense includes remuneration of members as members, $12,075 (1973–$18,612), and remuneration of officers as officers, $87,831 (1973–$91,026). The Authority has seven members and four officers. One officer is also a member.

ATLANTIC PILOTAGE AUTHORITY—*Concluded*

AUDITOR GENERAL OF CANADA

Ottawa, Ontario.
K1A 0G6

April 11, 1975

THE HONOURABLE JEAN MARCHAND, P.C., M.P.,
MINISTER OF TRANSPORT,
OTTAWA, ONTARIO.
K1A 0N5

Dear Mr. Marchand,

I have examined the balance sheet of the Atlantic Pilotage Authority as at December 31, 1974 and the statement of income and expenditure for the year then ended. My examination included a general review of the accounting procedures and such tests of accounting records and other supporting evidence as I considered necessary in the circumstances.

In my opinion these financial statements give a true and fair view of the financial position of the Authority as at December 31, 1974 and the results of its operations for the year then ended, in accordance with generally accepted accounting principles applied on a basis consistent with that of the preceding year.

I further report that, in my opinion, proper books of account have been kept by the Authority, the financial statements are in agreement therewith and the transactions that have come under my notice have been within its statutory powers.

Yours sincerely,

J. J. MACDONELL
Auditor General of Canada.

ATOMIC ENERGY OF CANADA LIMITED

Incorporated under the Canada Corporations Act

BALANCE SHEET AS AT MARCH 31, 1975

ASSETS	1975	1974
Current:		
Cash	$ 1,136,383	$ 625,555
Deposit with Receiver General	1,000,000	1,000,000

ATOMIC ENERGY OF CANADA LIMITED—*Continued*

NOTES TO THE FINANCIAL STATEMENTS
MARCH 31, 1975

1. Accounting policies
   (a) Translation of foreign currency.
      (i) U.S. dollar amounts have been translated at par.
      (ii) Balances in Argentine pesos have been translated into Canadian dollars at the financial exchange rate prevailing at March 31, 1975.
   (b) Inventory valuation.
   Inventories of nuclear materials and commercial products are recorded at the lower of cost or estimated realizable value. Maintenance and general supplies are carried at cost.
   (c) Plant and property.
      (i) Assets used in the research program are written off to program costs in the year of acquisition.
      (ii) The costs of revenue-producing projects are depreciated on a straight line basis over the estimated useful lives of the assets as follows:
         Houses —50 years
         Buildings —20 to 40 years
         Equipment— 5 to 20 years
      (iii) Prototype nuclear power stations are carried on the balance sheet at cost, without depreciation or amortization.
      (iv) Interest on loans received for capital construction is accrued and capitalized to the in-service date of the assets.
   (d) Revenue recognition.
   Profits on long-term contracts are recognized when certain milestones within the contract are reached.
   (e) Certain 1974 comparative figures have been restated to conform to the 1975 presentation.

2. Foreign assets
   Included in the working capital at March 31, 1975 are 125.4 million Argentine pesos which have been translated into 8.3 million Canadian dollars.
   These funds are held in Argentina by the Company to meet its current obligations there under the contract that provided the advance payments.

3. Inventories
   Inventories comprise the following:

Nuclear materials	$ 7,524,880
Commercial products	11,357,926
Maintenance and general supplies	1,674,021
	$20,556,827

4. Long term notes and mortgages receivable
   The portion of notes and mortgages not due within one year represents the following:

(a) Notes receivable from Ontario Hydro for the sale of the Bruce Heavy Water Plant. Interest at 7.795% is included in the monthly payments of $2,002,987 to December 28, 1992.	$237.5 million
(b) Notes receivable bearing interest rates of 7 15/16% to 9 5/8% from Hydro-Quebec for advances made by the company to assist in financing the construction of Gentilly II. Repayments will commence after the plant in-service date and will be based on an amortization period of 25 years at a weighted average interest rate.	20.0
(c) Mortgages receivable on houses sold, at interest rates ranging from 5% to 10% per annum and amortized over periods up to thirty years.	7.5
(d) Amounts due from foreign government not expected to be collected within one year.	7.8
	$272.8 million

5. Investments
   Investments comprise the following:
   (a) Nelson River transmission line.
   Under a lease agreement dated February 15, 1966 between Canada and Manitoba certain transmission facilities were built by the Company. Capital expenditures and accrued interest on this project amounted to $245 million at March 31, 1975. On January 1, 1974 Manitoba Hydro assumed responsibility for the operation and maintenance of the facilities and will commence lease payments in 1975. The annual payments will be designed to repay the cost of the facilities together with interest thereon at 5 5/8% per annum over a 50-year period.
   (b) Pickering nuclear generating station.
   Ontario Hydro, the Province of Ontario and the Company are parties to a joint undertaking for the construction and operation of units 1 and 2 of Pickering nuclear generating station, with ownership of these units being vested in Ontario Hydro. Ontario Hydro is committed to make payments over a period terminating in 2001 to each of the parties in proportion to their capital contributions. These payments represent the difference between operating and maintenance costs of the two Pickering units and the total cost, including a capital amortization charge, that would be involved if the energy generated by Pickering units 1 and 2 had been produced by the first two coal-fired units at Lambton. The Company's investment is reduced by payments received.
   (c) Glace Bay heavy water plant.
   Under a proposed agreement with Deuterium of Canada Limited and the Province of Nova Scotia, the Company will lease the existing plant, undertake a program of rehabilitation and then recover the costs thereof through the sale of heavy water produced. After the investment has been fully repaid, the plant, as a going concern, is expected to be turned over to Deuterium of Canada Limited. The expenditures on the rehabilitation program are $139 million to March 31, 1975.

6. Prototype nuclear power stations
   The Douglas Point prototype station was constructed and is operated under an agreement between Ontario Hydro and the Company. Similarly, the Gentilly I prototype station was constructed and is operated under an agreement between Hydro-Quebec and the Company. Atomic Energy of Canada Limited has title to both of these stations and bears the entire capital costs. Ontario Hydro and Hydro-Quebec are committed, under contract, to offer to purchase the respective stations at a price that is economically viable to the Utilities when the stations have been demonstrated to be a safe and dependable source of power. The capital cost of the stations, including interest to the date they began operating, is $77.6 million for Douglas Point and $90.2 million for Gentilly I. No attempt has been made in the records to segregate the portion of the foregoing capitalized values that relates to the Company's research and development program. It is not known when the sales might take place or if the sale prices will provide full recovery of the carrying cost of the stations.

ATOMIC ENERGY OF CANADA LIMITED—*Concluded*

7. Loans by Canada
The Company has borrowed various amounts from Canada subject to the terms and conditions prescribed by the Governor in Council. At March 31, 1975 outstanding principal and accrued interest recorded amounted to $1,001,549,378 and interest rates vary from 3 1/2% to 9 5/8%. Principal of $6,014,000 is due within one year. Interest of approximately $53 million on loans to finance prototype nuclear power stations and relating to periods following the in-service dates has not been recorded on the books of the Company. No appropriation has been requested from Parliament to provide funds for the payment of the unrecorded interest.

8. Major commitments
(a) In July 1969, the Company entered into a contract with Ontario Hydro under which the Company is committed to purchase all of the radioisotope cobalt 60 produced at the Pickering Generating Station for a period of thirty years from the in-service date (1971) of the installation. The contract is independent of market demand and may be terminated by agreement between the parties.
(b) By Order in Council P.C. 1975-988, 29 April 1975, the Company is authorized to execute an agreement to purchase from Canadian General Electric Company Limited, the heavy water plant located near Port Hawkesbury, Nova Scotia, for an approximate present value of $67.4 million. A payment of $30 million will be made on signing of the contract followed by ten additional annual payments of principal and interest, aggregating $63 million.
(c) The Company is committed to undertake construction of a 725 metric-ton-per-year heavy water plant near Gentilly, Quebec. The plant known as La Prade Heavy Water Plant is expected to be completed by 1980. Capital expenditures as at March 31, 1975 for construction and other costs totalled $30 million against a Cabinet authorization of $453 million.

9. Contingent liabilities
In connection with the construction of a prototype nuclear power station the Company has been assessed $5.5 million provincial sales tax. The Company has appealed the assessment and management believes it has a meritorious defense.

10. Supplementary information
The Company had 10 directors during the year, whose aggregate remuneration for the year as directors was $12,500 (1973—$10,400). The Company had 12 officers during the year, whose aggregate remuneration for the year as officers was $488,000 which includes $113,000 of retirement benefits (1973—$364,316). One of the officers was also a director.

AUDITOR GENERAL OF CANADA

Ottawa, Ontario,
K1A 0G6,
June 6, 1975.

THE HONOURABLE DONALD S. MACDONALD, P.C., M.P.,
MINISTER OF ENERGY, MINES AND RESOURCES,
OTTAWA.
K1A 0E4

Dear Mr. Macdonald,

I have examined the balance sheet of Atomic Energy of Canada Limited as at March 31, 1975 and the statements of operations, retained earnings and changes in financial position for the year then ended. My examination included a general review of the accounting procedures and such tests of accounting records and other supporting evidence as I considered necessary in the circumstances.

As explained in Note 6 to the financial statements and consistent with the practice of prior years, the Company has recorded the costs of prototype nuclear power stations as plant and property on the balance sheet. These costs relate in part to research and development activities and it is uncertain as to whether they will be recovered in full from the proceeds of eventual sales. These assets should not be carried on the balance sheet at amounts exceeding estimated realizable values.

As explained in Note 7 to the financial statements the Company has followed the practice of not recording interest accrued after the in-service dates on borrowings to finance the prototype nuclear power stations. Such interest, amounting to approximately $53 million at March 31, 1975, should be recorded as a liability of the Company in accordance with the terms of the loans and charged to the costs of the program.

In my opinion, except for the matters referred to in the preceding two paragraphs, these financial statements give a true and fair view of the financial position of the Company as at March 31, 1975 and the results of its operations and the changes in financial position for the year then ended, in accordance with generally accepted accounting principles applied on a basis consistent with that of the preceding year.

I further report that, in my opinion, proper books of account have been kept by the Company, the financial statements are in agreement therewith and the transactions that have come under my notice have been within its statutory powers.

Yours sincerely,

J. J. MACDONELL
Auditor General of Canada.

BANK OF CANADA

Note: The audited financial statements of the Industrial Development Bank as at September 30, 1974 show an equity of $104,293,146 at which date the Bank of Canada's investment in the share capital was $71,000,000. As soon as possible after the coming into force of the Federal Business Development Bank Act, the Minister of Finance shall, as provided in the Act, authorize payment out of the Consolidated Revenue Fund to the Bank of Canada of an amount equal to the par value of the outstanding shares of the Industrial Development Bank held by the Bank of Canada at that time.

G. K. BOUEY
Governor

A. ROUSSEAU
Chief Accountant

Auditors' Report: We have examined the statement of assets and liabilities of the Bank of Canada as at December 31, 1974 and the statement of income and expense for the year then ended. Our examination included a general review of the accounting procedures and such tests of accounting records and other supporting evidence as we considered necessary in the circumstances.

In our opinion these financial statements present fairly the financial position of the Bank as at December 31, 1974 and the results of its operations for the year then ended.

All other expenses	7,405	14,422
	231,150	213,553
Net Income (Note 4)	$5,032,305	$3,858,611

The accompanying notes are an integral part of the financial statements.

NOTES TO FINANCIAL STATEMENTS

1. During the year $152,244 was paid to persons having deposits that were insured by the Corporation with a member institution. As a result, payments to depositors of this institution as at December 31, 1974 guaranteed by a Province, totalled $10,316,144 which includes accrued interest of $1,388,172. The full amount was paid under the guarantee on January 2, 1975 thereby releasing the Corporation's claim against the asset of the member institution.

2. In 1970 under the provisions of section 13 of the Canada Deposit Insurance Act the Corporation, by paying $5,432,971, acquired all the rights and interest of the depositors as against a member institution which is in receivership. A loss on the realization of this asset is anticipated against which a provision of $1,500,000 was made in 1970 and a further provision of $500,000 was made in 1971. Based on realizations and current expected realizations, the accumulated provision for loss has been reduced from $2,000,000 in 1973 to $1,000,000.

3. Deposits insured by the Corporation, based on returns made by member institutions during 1974, totalled $42,903 million, comprising deposits of $38,362 million in federal institutions and $4,541 million in provincial institutions. Of the deposits insured in provincial institutions $325.4 million was covered by a temporary indemnity agreement with the Province concerned.

4. The Corporation is designated a proprietary corporation in the Financial Administration Act and accordingly is subject to income tax. However, no provision for income tax has been made in the accounts as at December 31, 1974 as the Governor in Council has granted remission under section 17 of the Financial Administration Act, of any income tax payable by the Corporation.

5. The Corporation has five directors and two officers, one of whom is also a director. The directors receive no remuneration. Remuneration of officers as officers was $48,000.

AUDITOR GENERAL OF CANADA
Ottawa, February 24, 1975.

THE HONOURABLE JOHN N. TURNER, P.C., Q.C., M.P.,
MINISTER OF FINANCE,
OTTAWA.

Sir,

I have examined the balance sheet of Canada Deposit Insurance Corporation as at December 31, 1974 and the statement of income and expense for the year then ended. My examination included a general review of the accounting procedures and such tests of accounting records and other supporting evidence as I considered necessary in the circumstances.

In my opinion these financial statements give a true and fair view of the financial position of the Corporation as at December 31, 1974 and the results of its operations for the year then ended, in accordance with generally accepted accounting principles applied on a basis consistent with that of the preceding year.

I further report that, in my opinion, proper books of account have been kept by the Corporation, the financial statements are in agreement therewith and the transactions that have come under my notice have been within the statutory powers of the Corporation.

Yours faithfully,

J. J. MACDONELL
Auditor General of Canada.

Treasury Board Vote 7b	227,000	
	$1,798,696	$2,098,473

The accompanying notes are an integral part of the financial statements.

NOTES TO FINANCIAL STATEMENTS AS AT MARCH 31, 1975

1. Accounting policies

   Inventory valuation

   The work-in-process and finished products inventories are valued at cost. The Company's sales consist principally of products manufactured to order for Government departments and agencies at prices generally equivalent to the cost of production (excluding cost attributable to idle capacity). Accordingly, the cost of these inventories does not differ materially from realizable value. Material and supplies inventories are carried at cost.

   Fixed assets

   The lands, buildings and equipment comprising the plants operated by the Company are owned by the Crown and, consequently, are not reflected in the financial statements. Additions to the plants are charged to operations of the Company in the year of acquisition.

   Revenue recognition

   Sales are recorded when goods are shipped.

2. Change in accounting practice

   During the year, the Company changed its method of accounting for capital expenditures by charging such expenditures to operations. In prior years capital expenditures were reported in notes to the financial statements only. This change in accounting practice has resulted in the excess of expense over income being $318,220 more than it would otherwise have been. The figures for 1974 have been restated to give retroactive effect to this change in practice.

3. Loans from Canada

   Loans from Canada to provide working capital to the Company bear no interest and have no fixed repayment dates.

CANADIAN ARSENALS LIMITED—*Concluded*

4. Extraordinary item

During the year, the Company replaced its self-insured group insurance plan with one which is fully insured. The amount of $228,640 reflected in the statement of income and expense as an extraordinary item consists of favourable claims experience refunds, together with interest thereon, received from the terminated plan.

5. Directors and officers

The Company has five directors and five officers, two of whom are also directors. The aggregate remuneration paid the officers during the year was $75,250. No remuneration was paid to directors.

6. Comparative figures

Certain figures for the previous year have been reclassified to conform to the current year's presentation.

7. Crown-owned plants

The cost as at March 31 of the two Crown-owned plants not reflected in the accounts of the Company but used in its operations was:

	1975	1976
Land	$ 2,336,213	$ 2,336,213
Buildings	13,822,973	13,761,725
Equipment	16,421,878	16,241,884
Total	$32,581,064	$32,339,822

AUDITOR GENERAL OF CANADA
Ottawa, Ontario
K1A 0G6

June 10, 1975

THE HONOURABLE JEAN-PIERRE GOYER, P.C., LL.B., M.P.
MINISTER OF SUPPLY AND SERVICES
OTTAWA, ONTARIO
K1A 0A6

Dear Mr. Goyer,

I have examined the balance sheet of Canadian Arsenals Limited as at March 31, 1975 and the statement of income and expense for the year then ended. My examination included a general reveiw of the accounting procedures and such tests of accounting records and other supporting evidence as I considered necessary in the circumstances.

In my opinion these financial statements give a true and fair view of the financial position of the Company as at March 31, 1975 and the results of its operations for the year then ended, in accordance with generally accepted accounting principles. After giving retroactive effect to charging capital expenditures to operations as explained in Note 2 to the financial statements, such principles have been applied on a basis consistent with that of the preceding year.

I further report that, in my opinion, proper books of account have been kept by the Company, the financial statements are in agreement therewith and the transactions that have come under my notice have been within its statutory powers.

Yours sincerely,

J.J. MACDONELL
Auditor General of Canada

CANADIAN BROADCASTING CORPORATION—*Continued*
and Consolidated Subsidiaries

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS
MARCH 31, 1975

1. Accounting policies
   a) Subsidiaries
   Wholly-owned subsidiaries are consolidated. The excess of purchase price over net assets of subsidiaries acquired has been charged to Proprietor's Equity account.
   The consolidated financial statements include the accounts of the Canadian Broadcasting Corporation and its wholly-owned subsidiaries, La Cie de Radiodiffusion de Matane Limitée, St. Clair River Broadcasting Limited, and Park Realty Limited. The accounts of St. Clair River Broadcasting Limited have been consolidated from April 1, 1974 and those of Park Realty Limited have been included from the date of acquisition, March 14, 1975.
   b) Investments
   Investments are carried at cost. Income arising from the investments is recognized when received.
   c) Film and script rights
   Film and script rights are recorded at cost or residual values.
   d) Capital assets
   Capital assets are carried at cost and depreciated on the straight line method using rates based on the estimated useful life of the assets. Expenditures of a capital nature incurred during the year for assets to which the Corporation cannot acquire title were fully amortized.
   e) 1976 Summer Olympics
   Operating expenditures and revenues in connection with the 1976 Summer Olympics are included in the Corporation's net cost of operations. The net amount, excluding depreciation, is charged, together with capital expenditures, to the appropriation provided for that purpose. The assets acquired are included in the Corporation's capital assets recorded in the statements and credited to the Proprietor's Equity account.
   f) Comparative figures
   The presentation of the 1974 comparative figures has been amended to conform to the 1975 format.

2. St. Clair River Broadcasting Limited
During the 1975 fiscal year the Corporation's wholly-owned subsidiary, St. Clair River Broadcasting Limited, exercised its option to acquire the remaining interest in Station CKLW-TV, Windsor, Ontario. Under the terms of the agreement, previous owners were reimbursed for their share of certain operating losses of the station totalling $6,322,730. St. Clair's operating losses, including its share of operating losses in the station, which were not previously provided for in the Corporation's consolidated accounts amounted to $2,525,931 to March 31, 1974. These amounts together with a write-off of $847,792 of goodwill reflected on the accounts of the station, were charged to the Proprietor's Equity account.

3. Investments

Master FM Limited – common shares	$ 1,999
Télévision St. François Inc. – preferred shares	350,000
	$351,999

4. Loans to finance the acquisition of capital assets
Payment of principal and interest on loans from Canada due after March 31, 1974 has been deferred until March 31, 1979, in accordance with Orders in Council P.C. 1974-633, P.C. 1974-704 and P.C. 1974-856.
Interest of $14,053,194 for the year has not been recorded in the accounts.

5. Future capital expenditures
The Corporation's plans call for capital expenditures in the order of $230 million over the next three years, of which $59 million is for 1975/76 subject to the provision of funds by Parliament.

6. Proceeds from Parliamentary appropriations
The proceeds from Parliamentary appropriations shown as $290,700,149 are comprised of the funds voted by Parliament as payments for operating and capital expenditures exclusive of payments for Summer Olympics, 1976.

	Operating	Capital	Total
Parliamentary votes	$234,982,000	$56,657,000	$291,639,000
Allocation from Treasury Board vote	3,000,000		3,000,000
	237,982,000	56,657,000	294,639,000
Repayments to Canada	3,081,000	857,851	3,938,851
Proceeds from Parliamentary appropriations	$234,901,000	$55,799,149	$290,700,149

At March 31, 1975, the unexpended balance of operating appropriations at current and prior years amounted to $4,980,158, which in accordance with an agreement with Treasury Board has been retained by the Corporation and included in the Proprietor's Equity account.

7. Pension plan
The Corporation is liquidating the unfunded liability under its pension plan by making annual payments of both principal and interest as required by the Pension Benefits Standards Act. As at October 31, 1972 based on the latest actuarial review, the unfunded liability of $37,092,000 is being liquidated by annual payments through September 30, 2027. The Corporation has provided for a further payment of $1,285,000 in anticipation of unfunded liabilities that are expected to have arisen because salary increases in the period 1972-74 were greater than anticipated in the actuarial assumptions used in the last actuarial review of the pension plan.

8. Supplementary information
Depreciation and amortization charged during the year amounted to $19,039,097.
The aggregate remuneration paid by the Corporation during the year to its fifteen directors and three officers of whom one is also a director was $15,450 and $138,375 respectively.
Directors and officers of the subsidiaries are employees of the Canadian Broadcasting Corporation and received no remuneration as directors.

CANADIAN BROADCASTING CORPORATION—*Concluded*
and Consolidated Subsidiaries

AUDITOR GENERAL OF CANADA
Ottawa, Ontario,
K1A 0G6
June 23, 1975

THE CANADIAN BROADCASTING CORPORATION
AND
THE HONOURABLE J. HUGH FAULKNER, P.C., M.P.,
SECRETARY OF STATE,
OTTAWA.

Sirs,

I have examined the consolidated balance sheet of the Canadian Broadcasting Corporation and subsidiary companies as at March 31, 1975 and the consolidated statements of operations, proprietor's equity account and changes in financial position for the year then ended. My examination included a general review of the accounting procedures and such tests of accounting records and other supporting evidence as I considered necessary in the circumstances.

As explained in Note 4 to the financial statements the Corporation has not recorded interest of $14,053,194 which accrued during the year on loans from Canada. Payment of such interest has been deferred until March 31, 1979.

In my opinion, except for the effect of failing to record interest described in the preceding paragraph, these financial statements give a true and fair view of the financial position of the Corporation and its subsidiary companies as at March 31, 1975 and the results of their operations and the changes in financial position for the year then ended, in accordance with generally accepted accounting principles applied on a basis consistent with that of the preceding year.

I further report that, in my opinion, proper books of account have been kept by the Corporation and its subsidiary companies, the financial statements are in agreement therewith and the transactions that have come under my notice have been within their statutory powers.

Yours sincerely,
J. J. MACDONELL
Auditor General of Canada.

	$6,276,750	$5,612,781

The accompanying notes are an integral part of the financial statements.

NOTES TO FINANCIAL STATEMENTS AS AT MARCH 31, 1975

1. Accounting policy

   Translation of U.S. dollars

   At the year-end U.S. dollar balances included in the accounts are translated at the prevailing rate of exchange and any exchange difference is recorded in the account for Unrealized loss or gain on U.S. exchange. Realized exchange losses or gains on sale of U.S. dollars are transferred from this account to cost of operations.

2. Loan to supplier

   The loan is non-interest bearing. Repayments, calculated with reference to certain operations of the supplier, will commence in 1977.

3. Contract cost over-run

   A large contract negotiated on a ceiling price basis with a foreign government resulted in a cost over-run of $2,542,120 at March 31, 1975. The net over-run may be affected by the outcome of claims and counter-claims presently under litigation between Her Majesty and the aircraft designer.

CANADIAN COMMERCIAL CORPORATION—*Concluded*

4. Loans from the Consolidated Revenue Fund
   These loans bear interest at rates varying from 6 5/16% to 9 5/16% per annum. Repayment is dependent upon working capital needs.

5. Remuneration of officers
   The Corporation has seven directors and five officers, one of whom is also a director. All are public servants and receive no remuneration from the Corporation.

6. Comparative figures
   The presentation of the 1974 figures has been amended to conform to the 1975 format.

AUDITOR GENERAL OF CANADA
Ottawa, Ontario
K1A 0G6

June 25, 1975.

THE HONOURABLE JEAN-PIERRE GOYER, P.C., LL.B., M.P.,
MINISTER OF SUPPLY AND SERVICES,
OTTAWA, ONTARIO.
K1A 0S5

Dear Mr. Goyer,

I have examined the balance sheet of the Canadian Commercial Corporation as at March 31, 1975 and the statement of operations for the year then ended. My examination included a general review of the accounting procedures and such tests of accounting records and other supporting evidence as I considered necessary in the circumstances.

As explained in Note 3 to the financial statements, a contract negotiated on a ceiling price basis resulted in a cost over-run of $2,542,120 which is carried as an asset on the balance sheet at March 31, 1975. The cost over-run is the subject of litigation and it is uncertain whether the amount will be recovered in full.

In my opinion, subject to the recovery in full of the cost over-run under litigation, referred to in the preceding paragraph, these financial statements give a true and fair view of the financial position of the Corporation as at March 31, 1975 and the results of its operations for the year then ended, in accordance with generally accepted accounting principles applied on a basis consistent with that of the preceding year.

I further report that, in my opinion, proper books of account have been kept by the Corporation, the financial statements are in agreement therewith and the transactions that have come under my notice have been within its statutory powers.

Yours sincerely,

J. J. MACDONELL
Auditor General of Canada.

Acquisition of furniture and equipment	8,840	26,823
Miscellaneous	178	126
Subsidy processing and cheque issue services	617,445	519,000
	1,512,173	1,270,466
Less: Services provided by government departments without charge	617,445	519,000
Net administrative expense	$ 894,728	$ 751,466

NOTES TO FINANCIAL STATEMENTS MARCH 31, 1975

1. Accounting policy
   Purchases of furniture and equipment are recorded as an administrative expense in the year of acquisition.

2. Inventories
   The Commission purchases skim milk powder from processors at the Canadian market support price for sale outside of Canada. The world market price has recently been declining, resulting in the market value of the inventory of skim milk powder as at March 31, 1975 being $14,265,190 less than the Canadian market support price. The amount of the decrease has been reflected in the carrying value of the inventory and charged to the cost of products sold.

   As at March 31, 1975 commitments by the Commission to purchase skim milk powder produced prior to March 31, 1975 at current Canadian market support prices amounted to approximately $7,000,000. No provision has been made in the financial statements for losses which may result from these purchases at higher than export market prices.

Working capital at end of year	$ 93,056	$ 32,339

The accompanying notes are an integral part of the financial statements.

NOTES TO FINANCIAL STATEMENTS MARCH 31, 1975

1. Accounting policy

(a) Corporation's share of cost of feature film production

During the year the Corporation adopted the policy of including in operations:

(i) income from films in distribution, and

(ii) its share of the cost of films when such are placed in distribution.

Accordingly there was an additional charge of $2,076,342 to the year's operations representing the write off of films in distribution as at March 31, 1974. Previously income was credited against the cost of feature films with net value charged to operations generally over a three year period.

(b) Equity of Canada

Amounts withdrawn from the statutory appropriation are added to the equity of Canada and the net cost of operations is charged thereto.

2. Future commitments

As at March 31, 1975, the Corporation:

(a) was committed to invest $522,318 in future Canadian feature film production, and

(b) has agreed in principle to invest $610,500 in future Canadian feature film productions subject to certain conditions being met by the applicants.

3. Remuneration of members and officers

Expense for the year includes remuneration of four members as members $7,375, and remuneration of two officers as officers, $58,971. One member is also an officer.

4. Statutory appropriation

By the provisions of the Canadian film Development Corporation Act $10,000,000 was appropriated from the Consolidated Revenue Fund to be withdrawn by the Corporation from time to time for the furtherance of its objects. This sum was increased to $20,000,000 in 1971-72. The status of the appropriation at March 31 is summarized as follows:

	1975	1974
Amount appropriated	$20,000,000	$20,000,000
Amount withdrawn in prior years	13,837,231	11,140,216
	6,162,769	8,859,784
Amount withdrawn during the year	3,099,958	2,697,015
Balance of appropriation at end of year	$ 3,062,811	$ 6,162,769

AUDITOR GENERAL OF CANADA
Ottawa, Ontario
K1A 0G6,
August 7, 1975.

THE HONOURABLE J. HUGH FAULKNER, P.C., M.P.,
SECRETARY OF STATE,
OTTAWA, ONTARIO

Dear Mr. Faulkner,

I have examined the balance sheet of Canadian Film Development Corporation as at March 31, 1975 and the statements of operations, equity and changes in financial position for the year then ended. My examination included a general review of the accounting procedures and such tests of accounting records and other supporting evidence as I considered necessary in the circumstances.

In my opinion these financial statements give a true and fair view of the financial position of the Corporation as at March 31, 1975 and the results of its operations and the changes in financial position for the year then ended, in accordance with generally accepted accounting principles. Such principles were applied on a basis consistent with that of the preceding year, except for the change, with which we concur, in accounting for the Corporation's share of cost of feature films, as explained in Note 1 (a) to the financial statements.

I further report that, in my opinion, proper books of account have been kept by the Corporation, the financial statements are in agreement therewith and the transactions that have come under my notice have been within its statutory powers.

Yours sincerely,

J. J. MACDONELL
Auditor General of Canada.

CANADIAN LIVESTOCK FEED BOARD–*Concluded*

NOTES TO FINANCIAL STATEMENT
FOR THE YEAR ENDED MARCH 31, 1975

1. Accounting Policy
   Fixed Assets–
   The Board's fixed assets comprise office equipment and furniture which are expensed in the year of acquisition.

2. Reimbursement of Canadian Livestock Feed Board Account
   During the year the Canadian Livestock Feed Board Account was reimbursed from Agriculture Vote 55 in the amount of $822,379 for the special price assistance paid to certain livestock feeders in the previous year and which remained outstanding in the Account as at March 31, 1974. This charge to the Vote was in addition to the amounts paid for freight assistance on feed grains of $20,478,978.

3. Executive Remuneration
   Included in salaries for 1974/75 is remuneration of three members as members–$22,662 (1973/74–$17,500) and six officers as officers–$157,299 (1973/74–$125,083). One officer is also a member.

AUDITOR GENERAL OF CANADA
Ottawa, Ontario
K1A 0G6
June 30, 1975.

TO: THE MINISTER OF AGRICULTURE
AND
THE CANADIAN LIVESTOCK FEED BOARD

Gentlemen,

I have examined the statement of expenditure of the Canadian Livestock Feed Board for the year ended March 31, 1975. My examination included a general review of the accounting procedures and such tests of accounting records and other supporting evidence as I considered necessary in the circumstances.

In my opinion the financial statement gives a true and fair view of the results of the Board's operations for the year ended March 31, 1975, in accordance with generally accepted accounting principles applied on a basis consistent with that of the preceding year.

I further report that, in my opinion, proper books of account have been kept by the Board, the financial statement is in agreement therewith and the transactions that have come under my notice have been within its statutory powers.

Yours sincerely,

J. J. MACDONELL
Auditor General of Canada.

CANADIAN NATIONAL RAILWAYS–*Continued*

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS
AS AT DECEMBER 31, 1974

Note 1: Material and Supplies

The inventory has been priced at laid down cost based on weighted average cost for ties, rails and fuel, latest invoice price for new materials in general stores and at estimated utility or sales value for usable second hand, obsolete and scrap materials.

Note 2: Investments in Affiliated Companies not Consolidated

Air Canada –

Canadian National owns all of the issued capital stock of Air Canada. Air Canada reports directly to the Government of Canada through the Minister of Transport. Its accounts are published separately and are not consolidated with those of Canadian National, and equity accounting has not been applied. The composition of Canadian National's investment in Air Canada, which is carried at cost, is

Capital Stock	$ 5,000,000
Debentures	95,086,000
Advances	282,733,500
	$382,819,500

Jointly Operated Companies –

Investments in jointly operated companies are accounted for on the equity method, where appropriate. Investments in the remaining companies are carried at an aggregate amount of $3,166,058. Canadian National's equity in the net income of companies accounted for on the equity method included in other income in 1974 was $3,503,473. The investments in jointly-operated companies as at December 31, 1974 are:

Chicago & Western Indiana Railroad Company	$ 8,695,498
The Detroit & Toledo Shore Line Railroad Company	6,463,161
Northern Alberta Railways Company	28,091,048
The Toronto Terminals Railway Company	9,235,400
Other	6,435,822
	$58,920,929

Note 3: Property Investment

Additions since January 1, 1923 have been recorded at cost and properties and equipment brought into the System at January 1, 1923 are included at the values appearing in the books of the several railways now comprised in the System to the extent that these have not been retired or replaced.

Depreciation on Canadian Lines: Depreciation accounting as adopted for equipment in 1940, for hotel properties in 1954 and for track and road structures and all other physical properties except land in 1956 has been continued in 1974. The depreciation rates used are based on the estimated service life of the properties but do not provide for depreciation which was not recorded in prior years under the replacement and retirement accounting principles then in force.

Depreciation on U.S. Lines: Replacement accounting for track and depreciation accounting for other properties except land have been continued in accordance with the regulations of the interstate Commerce Commission. For properties not subject to the regulations of the Commission, depreciation accounting on a straight-line basis has been continued in 1974.

Note 4: Capital Stock

(a) The capital stock of the Canadian National Railway Company (other than the four per cent preferred stock) and the capital investment of Her Majesty in the Canadian Government Railways are included in the net debt of Canada and disclosed in the historical record of government assistance to railways as shown in the Public Accounts of Canada.

(b) During 1974, purchases by the Government of Canada of four per cent preferred stock of the Company were authorized by the Canadian National Railways Financing and Guarantee Act, 1973 and Appropriation Act No. 4, 1974 and the sale of 139,009,790 shares of such stock in the amount of $139,009,790 in respect of the years 1972, 1973 and 1974 was recorded in the Company's accounts.

Note 5: Pension Funds

The Company is liquidating the unfunded liabilities under its Pension Plans by making annual payments of both principal and interest as required by the Pension Benefits Standards Act. These payments have been charged to System expenses. As at December 31, 1974, based on the latest actuarial reviews, the unfunded liabilities, aggregating $745,482,703 are being liquidated by annual payments through September 30, 2027.

Total Long Term Debt				$1,890,826,338	$1,894,395,778

Notes: (a) Callable at par.
(b) Amounts of ½% may be purchased quarterly through Purchase Funds operated under the conditions of each issue.

Note 7: Subsidies

(a) Carload freight services revenues include $71.6 million in 1974 and $27 million in 1973 in respect of partial compensation from the Government of Canada for revenues foregone due to not implementing general rate increases in 1974 and 1973.

(b) Payments under the Railway Act include amounts paid by the Government of Canada under authority of that Act in respect of certain uneconomic operations, services and prescribed rates (At & East) which railways are thereby required to maintain. Claims cannot, in all cases, be filed before the end of the year in which the related losses occurred. The amounts are recognized in the accounts when they are approved for payment.

Note 8: Major Commitments

Rental commitments under railway rolling stock lease arrangements for varying periods through to 1994 amount to approximately $683 million.

Note 9: Restatement of Comparative Figures

During 1974, changes were made to improve the classification of certain items and for comparative purposes the related figures for 1973 have been restated.

AUDITORS' REPORT

TO THE HONOURABLE
THE MINISTER OF TRANSPORT,
OTTAWA, CANADA.

We have examined the consolidated balance sheet of the Canadian National Railway System as at December 31, 1974 and the consolidated statements of income and changes in financial position for the year then ended. Our examination included a general review of the accounting procedures and such tests of accounting records and other supporting evidence as we considered necessary in the circumstances.

In our opinion, except that depreciation was not recorded in earlier years as referred to in note 3, these consolidated financial statements are properly drawn up so as to give a true and fair view of the state of affairs of the System as at December 31, 1974 and the results of its operations and the changes in its financial position for the year then ended, in accordance with generally accepted accounting principles applied on a basis consistent with that of the preceding year.

Also, in our opinion, proper books of account have been kept and the transactions that have come to our notice have been within the powers of the System.

COOPERS & LYBRAND,
Chartered Accountants.

February 21, 1975.

THE CANADIAN NATIONAL RAILWAYS SECURITIES TRUST

Montreal, February 25, 1975

THE HONOURABLE D. C. JAMIESON,
MINISTER OF TRANSPORT,
OTTAWA.

Dear Mr. Minister:

In conformity with Section 17 of the Canadian National Railways Capital Revision Act, 1952, the Trustees of the Canadian National Railways Securities Trust submit the following report for the calendar year 1974.

There were no transactions during the year affecting the collateral securities held by the Securities Trust.

The Trustees present herewith the Balance Sheet as at December 31, 1974.

Yours sincerely,

N. J. MACMILLAN
For the Trustees

J. J. MACDONELL
Auditor General of Canada

AUDITOR GENERAL OF CANADA
Ottawa, Ontario
April 15, 1975

THE HONOURABLE JEAN MARCHAND, P.C., M.P.,
MINISTER OF TRANSPORT,
OTTAWA, ONTARIO.
K1A 0N5

Dear Mr. Marchand,

I have examined the balance sheet of Canadian National (West Indies) Steamships, Limited as at December 31, 1974. My examination included a general review of the accounting procedures and such tests of accounting records and other supporting evidence as I considered necessary in the circumstances.

In my opinion this financial statement gives a true and fair view of the financial position of the Company as at December 31, 1974, in accordance with generally accepted accounting principles applied on a basis consistent with that of the preceding year.

I further report that, in my opinion, proper books of account have been kept by the Company, the financial statement is in agreement therewith and the transactions that have come under my notice have been within its statutory powers.

Yours sincerely,

J. J. MACDONELL
Auditor General of Canada

Working capital (deficiency) at beginning of year	(7,366,051)	6,365,645
Working capital (deficiency) at end of year	$ 783,538	$ (7,366,051)

The accompanying notes are an integral part of the financial statements.

NOTES TO FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 1975

1. Accounting Policy

a) Capital assets and depreciation--

Capital assets are stated at acquisition cost and to a large extent represent the Corporation's investment in transoceanic cable and satellite systems, including ancillary equipment, that are owned either jointly with other partners or outright by the Corporation. Depreciation is provided on a straight line basis over the estimated useful life of the assets.

b) Foreign currencies--

Accounts receivable and accounts payable in foreign currencies have been translated to Canadian funds at exchange rates prevailing at the end of the month of billing. There are no material variations between the amounts reflected in the books of account and that determined on the basis of the exchange rates prevailing at March 31.

c) Revenue--

The Corporation reflects in its Financial Statements its share of the income earned from facilities either owned jointly with other partners or outright by the Corporation.

d) Capitalization of expenses--

Salaries and related employee benefits are capitalized in proportion to the time spent on capital projects by members of the engineering and operations staffs.

Interest on projects in progress involving a construction period in excess of 12 months is capitalized at rates existing at the close of each quarter on the total amount expended to the end of the quarter.

CANADIAN OVERSEAS TELECOMMUNICATION CORPORATION—*Continued*

e) Income Tax–

Since the Corporation is a Canadian Crown Corporation, it is not subject to the payment of provincial income tax. In calculating its liability for federal income tax it claims the maximum capital cost allowance permitted under the Income Tax Act although it records depreciation on a straight line basis in its accounts, based on the expected useful life of its capital assets. As a result the deferred income tax account is credited with the income tax which would otherwise be payable on the excess of capital cost allowance over depreciation and is charged when the reverse situation pertains.

2. Shared Facilities–Commonwealth Network and Others

a) Under the financial arrangements relating to partnership facilities adopted by the Commonwealth Telecommunication Organization:

(i) income arising from traffic between partners generally is shared equally between them;

(ii) income arising from traffic transitting a partner is shared by the partners in proportion to the total volume of traffic put on the system by them;

(iii) expense of the partners is shared in proportion to the volume of traffic put on the system by them.

b) The expenses recoverable from the Commonwealth Network of $10,230,622 reflected in the statement of income and expense is management's best estimate of the anticipated recovery for the year. The actual recovery for a year is only determined after all partners have submitted audited financial statements, setting forth their actual figures in accordance with the terms of the covering agreement. Further information was received during the year to the effect that certain of the bases used in estimating the recovery for the year ended March 31, 1974 were no longer valid. Accordingly a charge of $813,360 was made to retained earnings, which amount reflects both the reduction in the estimated recovery and the resultant decrease in income taxes for that year.

c) The estimated amounts due to the Commonwealth Telecommunication Network comprise:

(i) $4,238,465 with respect to the amount by which instalments received for the years yet to be finalized and which ended prior to April 1, 1973 exceeded the estimated amount recoverable recorded in the books of account. This amount relates to the arrangements that existed prior to April 1, 1973 which were known as Wayleave I and Wayleave II. All years have been finalized up to March 31, 1968 for Wayleave I and up to March 31, 1965 for Wayleave II. Since the Corporation is not certain when the years subsequent to these dates will be finalized and since the final results cannot be predicted in advance it has continued to follow the adopted practice of effecting adjustments only at the time that final figures are determined; and

(ii) $6,001,270 with respect to the amount by which the instalments received for the two years ended March 31, 1975 exceeded management's best estimate of the amount recoverable for these years under the new arrangements. However there is no precise information available as to the actual amount recoverable for either of these years.

d) The Corporation has also entered into an agreement with other partners in the International Satellite System for the use of facilities and the sharing of net revenues in relation to the amount of capital contributed.

3. Cost of Completing Capital Projects

As at March 31, 1975, the estimated cost of completing capital projects, as approved by the Governor in Council, amounted to approximately $85,000,000 of which $34,000,000 relates to the year 1975/76.

4. Advances from Canada

The advances from Canada, under Section 12 of the Act, bear interest at rates varying between 3 1/2% to 6 3/4% and are repayable in semi-annual instalments over varying periods extending to 1998, in accordance with the terms and conditions laid down by the Governor in Council.

5. Cost of Fire Damage Repairs and Expenses

The estimated cost of $3,500,000 of repairing the fire damage that occurred on board the Canadian Coast Guard Ship John Cabot on September 10, 1974 is covered by fire insurance. The fire occurred during the period that the vessel was under lease from the Ministry of Transport for the purpose of effecting cable repairs and, in accordance with the covering agreement, the Corporation is responsible for the ongoing expenses during the period that it is not operational. Such expenses amounted to $2,019,075 for the year and are reflected in the statement of income and expense. It is anticipated that the repairs will be completed prior to March 31, 1976.

6. Executive Remuneration

Included in expense for 1975 is remuneration of 6 directors, as directors, $2,800 (1974–$3,200) and of 11 officers, as officers, $418,344 (1974–$337,478). One officer is also a director.

CANADIAN OVERSEAS TELECOMMUNICATION CORPORATION—*Concluded*

AUDITOR GENERAL OF CANADA

Ottawa, Ontario,
K1A 0G6.

June 30, 1975.

THE HONOURABLE GÉRARD PELLETIER, P.C., M.P.,
MINISTER OF COMMUNICATIONS,
OTTAWA, ONTARIO.
K1A 0C8

Dear Mr. Pelletier,

I have examined the balance sheet of Canadian Overseas Telecommunication Corporation as at March 31, 1975 and the statements of income and expense, retained earnings and changes in financial position for the year then ended. My examination included a general review of the accounting procedures and such tests of accounting records and other supporting evidence as I considered necessary in the circumstances.

In my opinion, these financial statements give a true and fair view of the financial position of the Corporation as at March 31, 1975 and the results of its operations and changes in financial position for the year then ended, in accordance with generally accepted accounting principles applied on a basis consistent with that of the preceding year.

I further report that, in my opinion, proper books of account have been kept by the Corporation, the financial statements are in agreement therewith and the transactions that have come under my notice have been within its statutory powers.

Yours sincerely,

J. J. MACDONELL
Auditor General of Canada.

	772,126	616,755
Excess of expense over income	$217,160	$ 48,246

The accompanying notes are an integral part of the financial statements.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 1975

1. Accounting policies

   Industrial and intellectual property rights

   Expenditures relating to the acquisition, protection, licensing and maintenance of industrial and intellectual property rights are charged to expense as incurred and income, if any, derived from these patent rights is recorded when reported by the licensee.

   Development expenditures

   Expenditures for development assistance and equipment under development contracts are charged to expense as incurred and any recoveries are recorded as income in the year received.

   Furniture, equipment and depreciation

   Expenditures for furniture and equipment are charged to expense; accordingly, no depreciation charge is recorded.

2. To date, from 1948, the Corporation has expended approximately $1,220,900 on unexpired patent rights for inventions.

3. The cost value of equipment purchased under active development contracts amounts to $148,500, $25,000 of which was expended under a contract in 1974-75 to be recovered in 1975-76.

4. Salaries for 1974-75 include remuneration of directors as directors, $2,250 (1973-74 – $4,000), and remuneration of officers as officers, $69,250 (1973-74 – $50,700). The Corporation has twelve directors and five officers. Two officers are also directors.

CANADIAN PATENTS AND DEVELOPMENT LIMITED—*Concluded*

5. Not reflected in the financial statements are royalties due over a period of years under an agreement with a foreign licensee and in dispute because of differences between that licensee and a third party government and others using the invention. A settlement is being negotiated whereby the licensee has agreed to pay the Corporation a total of $166,150 by instalments with the total amount fully paid by March 31, 1978.

6. A contingent liability of approximately $36,000 exists with respect to taxes not deducted at the source from royalties remitted by a foreign licensee.

7. During the year the unamortized balance of prepaid promotion expense was written off although royalty payments are expected to continue for the remaining life of the main patent. To date royalty income exceeds the total promotion expense originally incurred.

8. On April 15, 1975, a foreign government approved a royalty agreement which resulted in a royalty collection of $190,000, 50% of which is to be paid to the former patent owner.

AUDITOR GENERAL OF CANADA

Ottawa, Ontario,

Working Capital End of Year	$1,584,048	$2,410,124

NOTES TO FINANCIAL STATEMENTS MARCH 31, 1975

1. *Accounting Policies*

Fixed Assets

Depreciation is provided in the accounts on the straight line method using rates of 10% and 20% for production equipment and furniture respectively. Leasehold improvements are amortized over the remaining term of the lease.

Earnings Available for Distribution to Fishermen and Producers

The Corporation's mandate is to improve the earnings of the primary producer. Income derived from operations of the Corporation, after such appropriations as are considered advisable by the Board of Directors, is available for distribution to fishermen and producers. Appropriations have been accounted for as amounts set aside which are not available for distribution until the Board considers that the appropriations are no longer required. Expenditures are not charged to appropriations but are reflected in the statement of operations at the time they are incurred.

2. *Deposit on Equipment*

This equipment which has been fully paid for, is due for delivery in May, 1975.

3. *Loans from Canada*

The Corporation is engaged in a capital expenditure program of $2.1 million to be financed by loans from Canada under a ten-year repayment program. The Corporation intends to accelerate repayment of the indebtedness by making equal installments of $407,000 in each of the next three fiscal years. Capital expenditures under this program have amounted to $1,020,000 to date. An estimated $1,080,000 will be expended in the next two years of which $600,000 will be spent in 1975-76.

CANADIAN SALTFISH CORPORATION—*Concluded*

NOTES TO FINANCIAL STATEMENTS
MARCH 31, 1975—*Concluded*

4. *Sales*

Sales represent the F.O.B. value of products sold. The C.I.F. value approximates $8,915,000.

5. Appropriations of Earnings

The Board of Directors established that the following appropriations should be made in determining amounts available for distribution to fishermen and producers:

	1975	1974	Increase
General contingencies	$ 500,000	$ 500,000	$
Processing and Quality Improvements	250,000	350,000	(100,000)
Repayment of Loan Indebtedness	407,000	136,500	270,500
Research and Development	213,688	52,358	161,330
Reinvestment in Fixed Assets	54,000		54,000
	$1,424,688	$1,038,858	$385,830

6. Remuneration of Directors and Officers

Expense includes remuneration of directors as directors $7,175 and remuneration of officers as officers $111,745. The Corporation has seven directors and five officers; two officers are also directors.

AUDITOR GENERAL OF CANADA
Ottawa, Ontario,
K1A 0G6
June 19, 1975.

THE HONOURABLE ROMÉO LEBLANC, P.C., M.P.,
MINISTER OF STATE FOR FISHERIES,
HOUSE OF COMMONS,
OTTAWA, Ontario.
K1A 0A6

Dear Mr. LeBlanc,

I have examined the balance sheet of the Canadian Saltfish Corporation as at March 31, 1975 and the statements of operations and earnings available for distribution to fishermen and producers and changes in financial position for the year then ended. My examination included a general review of the accounting procedures and such tests of accounting records and other supporting evidence as I considered necessary in the circumstances.

In my opinion these financial statements give a true and fair view of the financial position of the Corporation as at March 31, 1975 and the results of its operations and changes in financial position for the year then ended, in accordance with generally accepted accounting principles applied on a basis consistent with that of the preceding year.

I further report that, in my opinion, proper books of account have been kept by the Corporation, the financial statements are in agreement therewith and the transactions that have come under my notice have been within its statutory powers.

Yours sincerely,

J. J. MACDONELL
Auditor General of Canada.

AUDITORS' REPORT

TO THE CANADIAN WHEAT BOARD:

We have examined the financial statements and explanatory comments thereon of The Canadian Wheat Board, which comprise Part VII of The Annual Report of The Board for the crop year ended July 31, 1974. Our examination included a general review of the accounting procedures and such tests of accounting records and other supporting evidence as we considered necessary in the circumstances.

In our opinion these financial statements together with the explanatory comments thereon present fairly the financial position of The Board as at July 31, 1974 and the results of its operations for the periods shown, in accordance with generally accepted accounting principles consistently applied.

NOTES TO THE FINANCIAL STATEMENTS
MARCH 31, 1975

1. Accounting Policies

During the year the Coal Division was financed by way of Votes of the Parliament of Canada. Vote 30 is for operating purposes and Vote 35 for capital expenditures.

Repayable advances from Canada are as follows:

	1975	1974
Working capital advance	$10,000,000	$ 8,000,000
Advance – Treasury Board Vote 5 (Contingencies)	3,500,000	
	$13,500,000	$ 8,000,000

2. Accounts receivable

	1975	1974
Government of Canada supplementary Votes for mining losses (and, in 1974, capital expenditures)	$12,100,000	$10,403,000
Trade	4,518,704	3,323,852
Employees (current)	39,083	110,524
	$16,657,787	$13,837,376

3. Depreciation

The Corporation has provided depreciation on its fixed assets. The Treasury Board of Canada has indicated that depreciation should not be provided in determining mining losses for Parliamentary appropriation. Accordingly, the depreciation provision has been eliminated in arriving at this amount.

4. Commitments

The Corporation has commenced construction of a coal preparation plant estimated to cost approximately $22,000,000. The costs incurred as at March 31, 1975, totalled $8,130,186.

Commitments on other capital projects as at March 31, 1975, amounted to approximately $2,650,000.

5. Contingent Liabilities and Claims

A claim approximately $2,600,000 has been made against the Corporation under the provisions for a charter for shipping coal in respect of reduction in cargoes shipped in the years 1969 to 1972 inclusive. To date no direct proceedings against the Corporation have been initiated.

The same claim was asserted against the Liquidator of Dominion Coal Company Limited. Proceedings were commenced in the Supreme Court of Nova Scotia, which terminated in a judgment of the Appeal Division of the Court in June 1974, affirming dismissal of the claim against the Liquidator.

The Corporation and the claimant subsequently entered into an agreement, waiving arbitration as preliminary to an action that the claimant intends to bring against the Corporation, which the Corporation intends to fully defend. There are pending against the Corporation other possible claims. An interim provision has been made in the current financial year in connection with all of these claims. The total of provisions as at March 31, 1975, for all outstanding claims made in current and prior years amounts to $2,050,000 which management estimates to be adequate.

6. Pension Plan

The unfunded actuarial liability of the Cape Breton Development Corporation Non-Contributory Pension Plan was estimated to be $35,082,775 at March 31, 1975. No provision for this liability has been included in the accounts as of March 31, 1975. Annual payments to the plan are designed to amortize the liability by 1992. During the year the Company paid into the fund approximately $305,000, which amount, together with pensions actually paid during the year, equalled the annual recommended amortization.

In addition, a contributory pension plan was instituted during the year and the recommended funding payment for the year has been deposited with the trustee.

7. Remuneration of Directors and Senior Officers

The Corporation had six directors, whose aggregate remuneration for the year as directors was $20,206 (1974–$13,862). The Corporation had seven officers (1974–six), whose aggregate remuneration for the year as officers was $250,275 (1974–$215,172). One of the officers was also a director during the year.

STATEMENT OF PROPRIETOR'S EQUITY
AS AT MARCH 31, 1975

	1975	1974
Balance at beginning of year	$35,670,900	$34,194,472
Add: Payments by Canada in respect of mining losses–Vote 30 (Note 1)	28,927,000	28,289,500
Payments by Canada in respect of capital expenditures–Vote 35 (Note 1)	22,265,000	6,413,500
	86,862,900	68,897,472
Deduct: Write-off on disposal of coke ovens		1,034,743

CAPE BRETON DEVELOPMENT CORPORATION—*Continued*

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS MARCH 31, 1975

1. Accounting Policies

The Industrial Development Division is financed by way of Vote of the Parliament of Canada. Parliament voted $8,660,000 for this purpose during the fiscal year ended March 31, 1975.

2. Basis of Consolidation

The financial statements of the Industrial Development Division include the results of the Division and all its subsidiaries. The subsidiaries are as follows:

	Corporation Interest	Company Year End
Darr (Cape Breton) Limited (Real Estate)	100%	December 31
Cape Breton Primary Production Limited (Marine Farming)	100%	March 31
Cabotcraft Industries Limited (Boat Fabrication)	60%	October 31

Two of the subsidiaries have fiscal periods ending prior to March 31. These companies have been included in the consolidated statements for their respective fiscal years ending October 31, 1974, and December 31, 1974. The third subsidiary changed its fiscal year end from December 31 to March 31 and its results for the fifteen-month period ended March 31, 1975, have been included in the consolidated statements.

As the financial statements of Cabotcraft Industries Limited showed a deficit equity position as at October 31, 1974, the minority interest in the loss has been shown as the total of the minority invested capital, and the balance of the loss of that company for the year is included in the consolidated net loss. As a consequence, no minority interest is shown in the balance sheet.

3. Deferred Design and Development Costs

Cabotcraft Industries Limited has a policy of deferring product design and development costs. The deferral method of accounting was adopted to recognize the benefit of current product development expenditures in future periods. Amortization of deferred costs is on the straight-line basis at the rate of 25% per annum.

In their report on the financial statements of Cabotcraft Industries Limited, the auditors included the following qualification: ... "product design and development costs are being deferred. Recovery of the deferred costs of $198,784 is dependent upon achievement of a level of operations which would permit such recovery. The eventual outcome cannot be determined at this time."

4. Commitments

As at March 31, 1975, the Industrial Development Division of the Corporation was committed to expenditures and loans totalling approximately $1,912,600 over and above the amounts included in the financial statements at that date. The Corporation has also guaranteed a bank loan of $25,500,000 in connection with a project, and is committed to guarantee loans of up to $70,000,000 in connection with another project.

On July 1, 1971, Darr (Cape Breton) Limited entered into a management agreement with Commonwealth Holiday Inns of Canada Limited for the operation of a motel building. Subject to options contained within the agreement, it shall remain in force until October 31, 1996.

5. Remuneration of Directors and Senior Officers

The Corporation had six directors whose aggregate remuneration for the year as directors was $20,206 (1974–$13,862). The Corporation had seven officers (1974–six) whose aggregate remuneration for the year as officers was $250,275 (1974–$215,172). One of the officers was also a director during the year.

CONSOLIDATED STATEMENT OF EQUITY AS AT MARCH 31, 1975

	1975	1974
Consolidated equity at beginning of year	$17,261,926	$14,304,015
Payments during year from Canada (Note 1)	8,660,000	7,000,000
	25,921,926	21,304,015
Deduct:		
Consolidated operating expenses (net of income)	5,220,236	4,042,089
Consolidated equity at end of year	$20,701,690	$17,261,926

CAPE BRETON DEVELOPMENT CORPORATION–*Concluded*

AUDITORS' REPORT

TO THE HONOURABLE
THE MINISTER OF REGIONAL ECONOMIC EXPANSION
OTTAWA, ONTARIO

We have examined the balance sheets and statements of equity of the Coal Division and of the Industrial Development Division of the Cape Breton Development Corporation as at March 31, 1975, and the related operating statements, and statements of source and application of funds for the year then ended. Our examination included a general review of the accounting procedures and such tests of accounting records and other supporting evidence as we considered necessary in the circumstances.

The financial statements of the Industrial Development Division and of its subsidiaries have been presented on a consolidated basis. With respect to those subsidiaries of which we are not the auditors, we have carried out such enquiries and examinations as we considered necessary in order to accept for purposes of consolidation the reports of other auditors. As required by provisions of the Cape Breton Development Corporation Act, the financial statements of the Coal Division and the Industrial Development Division are being presented separately.

In our opinion, subject to such adjustments as may result from final determination of the amounts payable, if any, in connection with the claims as explained in Note 5 to the financial statements of the Coal Division, and the recovery of deferred design and development costs of the subsidiary as explained in Note 3 to the consolidated financial statements of the Industrial Development Division, these financial statements are properly drawn up so as to give a true and fair view of the state of affairs of the Coal Division and of the Industrial Development Division of the Cape Breton Development Corporation as at March 31, 1975, and the results of their operations and the source and application of their funds for the year then ended, in accordance with generally accepted accounting principles applied on a basis consistent with that of the preceding year.

Also, in our opinion proper books of account have been kept and the transactions that have come to our notice have been within the powers of the Corporation.

Depreciation	$ 3,226	$2,739
Remuneration of 8 Directors	$ 4	$ 7
Remuneration of 4 Officers (3 Officers in 1973) (One Officer is a Director)	$ 138	$ 149

3 Effective January 1, 1974, the Corporation adopted the policy of capitalizing modernization and improvement costs on its real estate portfolio. Had this change not been made, the real estate property expense for the year would have been increased by approximately $4.7 millions.

4 Certain of the 1973 figures on Statements II and IV were reclassified in order to make the presentation consistent with the current year.

AUDITOR'S REPORT

TO THE HONOURABLE THE MINISTER OF STATE
FOR URBAN AFFAIRS

We have examined the balance sheet of Central Mortgage and Housing Corporation as at December 31, 1974 and the statements of net income, reserve fund and insurance and guarantee funds for the year ended on that date. Our examination included a general review of the accounting procedures and such tests of accounting records and other supporting evidence as we considered necessary in the circumstances.

In our opinion, proper books of account have been kept and the transactions of the Corporation that have come under our notice have been within the powers of the Corporation.

In our opinion, the accompanying statements are in agreement with the books of account of the Corporation and present a true and fair view of the state of affairs of the Corporation as at December 31, 1974 and the results of its operations for the year ended on that date, in accordance with generally accepted accounting principles applied on a basis consistent with that of the preceding year, except for the change as described in Note 3 to the financial statements, with which we concur.

J. EMILE MAHEU, C.A.
of the firm Maheu, Noël, Anderson, Valiquette & Associés

F. E. WALDEN, F.C.A.

Fixed assets are expensed in the year of acquisition.

THE COMPANY OF YOUNG CANADIANS—*Concluded*

AUDITOR GENERAL OF CANADA

Ottawa, Ontario
K1A 0G6

June 30, 1975.

THE HONOURABLE J. HUGH FAULKNER, P.C., M.P.,
SECRETARY OF STATE,
OTTAWA, ONTARIO
K1A 0A6

Dear Mr. Faulkner,

I have examined the balance sheet of The Company of Young Canadians as at March 31, 1975 and the statement of operations for the year then ended. My examination included a general review of the accounting procedures and such tests of accounting records and other supporting evidence as I considered necessary in the circumstances.

In my opinion these financial statements give a true and fair view of the financial position of the Company as at March 31, 1975 and the results of its operations for the year then ended, in accordance with generally accepted accounting principles applied on a basis consistent with that of the preceding year.

I further report that, in my opinion, proper books of account have been kept by the Company, the financial statements are in agreement therewith and the transactions that have come under my notice have been within its statutory powers.

Yours sincerely,

J. J. MACDONELL
Auditor General of Canada

	$ 9,901,502	$13,289,529

The accompanying notes are an integral part of the financial statements.

NOTES TO THE FINANCIAL STATEMENTS

1. Accounting policies

Income

The Corporation is authorized to retain as income a percentage of the selling price at the time of sale and of all other moneys received by it during the year. This policy has been followed with the exception of two sales in 1972 when the percentage was taken only on the down payments instead of on the total sales value; the balance was recorded as deferred income.

Furniture and equipment – Depreciation

The cost of furniture and equipment is charged to expense at the time of acquisition. As a consequence no depreciation is recorded in the accounts of the Corporation.

2. Receivable under long-term sales agreements

Long term receivables are secured by mortgages except those receivables from federal, provincial and municipal authorities. Interest-bearing receivables bear interest on the unpaid balance at rates ranging from 6 to 12%. The total amount receivable is due as follows:

1975-76	$2,062,262
1976-78	1,548,999
1978 and later	5,535,425
	$9,146,686

3. Surplus Crown lands and buildings

The Corporation is responsible to, and subject to the direction and control of the Minister of Supply and Services. Effective December 12, 1974, pursuant to section 5 of the Surplus Crown Assets Act, the Governor in Council transferred the general authority to exercise the powers set forth in that section of the Act insofar as surplus lands and buildings are concerned from the Minister of Supply and Services to the Minister of Public Works. On that date, the Lands and Buildings Division of the Corporation comprising some 21 employees was transferred to the Department of Public Works. This transfer resulted in an estimated reduction of $81,000 in expense, mainly salaries, and $77,000 in income for the period from December 12, 1974 to March 31, 1975.

4. Remuneration of directors and officers

Administrative and office salaries include remuneration of officers $87,778 ($99,863 in 1974). The Corporation had 7 directors and 8 officers two of whom were directors. No directors fees were paid.

DEFENCE CONSTRUCTION (1951) LIMITED—*Concluded*

NOTES TO FINANCIAL STATEMENTS

1. Accounting Policies

   Net Expense

   The accounts of the Company reflect only the expenses incurred in procuring the construction and maintenance of defence projects on behalf of the Department of National Defence and in procuring the construction of such other projects as are approved by the Treasury Board. Not reflected in the accounts are payments pursuant to contracts entered into by the Company on behalf of Government departments and agencies and charged directly to parliamentary appropriations.

   Office Furniture and Machines

   The full cost of office furniture and machines and other equipment is charged to expense in the year of purchase. As a consequence no depreciation is recorded in the accounts of the Company.

2. Recovery of Expense

   The Company provides on request of Government departments and agencies certain technical and administrative assistance relative to construction matters. Such services are provided on a cost-recovery basis.

3. Remuneration of Officers

   The Company has six directors and three officers one of whom is also a director. The aggregate remuneration paid the officers during the year was $89,675. No directors fees were paid.

4. Comparative Figures

   Certain figures for the previous year have been reclassified to conform to the current year's presentation.

5. Supplementary Information

   Payments during the year on contracts entered into by the Company on behalf of Government departments and agencies amounted to $77,039,000. Work outstanding on contracts in force at March 31, 1975 was $40,796,000.

The accompanying notes are an integral part of the financial statements.

ELDORADO NUCLEAR LIMITED—*Continued*

NOTES TO FINANCIAL STATEMENTS

1. Accounting Policies

Inventory Valuation

Inventories of concentrates and refined products are valued at the lower of cost or realizable value. Operating and general supplies are valued at cost.

Subsidiary Companies

The assets, liabilities, income and expense of the Company's wholly-owned subsidiaries, Northern Transportation Company Limited (and subsidiary companies) and Eldorado Aviation Limited have not been included in the financial statements of Eldorado Nuclear Limited, notwithstanding the material affect these would have on the consolidated financial position. The Company has accounted for its investments in these subsidiaries on the cost basis rather than the equity method. Under the Financial Administration Act, Eldorado Nuclear Limited and the major subsidiary company, Northern Transportation Company Limited, are accountable to Parliament through different Ministers, and consequently it is considered inappropriate to consolidate their financial statements or for Eldorado Nuclear Limited to employ the equity method of accounting for its investments in the subsidiaries.

Pre-Production and Mine Development Costs

Refinery pre-production and mine development costs are being written off by unit of production methods ensuring full amortization over not more than ten years at capacity output.

Depreciation

Wherever appropriate depreciation is taken on a unit of production basis at rates which would fully amortize the assets over ten years at capacity output. Where a unit of production basis is not appropriate, plant and equipment are written off over ten years on a straight-line basis.

Income Taxes

The Company has followed the taxes payable basis of accounting whereby the provision for income taxes represents the taxes expected to be assessed for the period.

2. Inventories

Included in inventories is $10,055,088 representing concentrates on loan to an electric utility to be replaced not later than July 1, 1977.

3. Income of Wholly-owned Subsidiary Companies

Northern Transportation Company Limited and subsidiary companies incurred a loss of $4,406,492 for the year 1974. Operating revenue includes $386,583 in freight revenue from Eldorado Nuclear Limited. The net expense of Eldorado Aviation Limited totalling $1,195,469 for the year 1974 was recovered from Eldorado Nuclear Limited and Northern Transportation Company Limited. The aggregate undistributed profits earned by the subsidiaries since acquisition by Eldorado Nuclear Limited amount to $1,906,506.

4. Loans from Canada

The terms of the Company's financing arrangements were amended by Order in Council P.C. 1973-1772 of June 26, 1973 which provides for repayments of principal to be deferred until 1978 or earlier at the Company's option but to be completed by 1983. Interest on the loans may also be deferred at the Company's option until December 31, 1984. These loans bear interest at rates up to 8 3/8%.

5. Exploration

Exploration expenditures for the year amounted to $1,717,703 of which $1,190,711 was charged against a $1,500,000 payment from Canada to provide funding levels to the Company for participation in a program of uranium exploration. The balance of $309,289 will be expended on the program early in 1975.

6. Depreciation and Amortization of Pre-Production and Mine Development Costs

Depreciation for the year totalled $2,783,628, and the amortization of pre-production and mine development costs amounted to $4,137,671 including the unamortized balance of $3,448,245 of zirconium pre-production expense, which was written off because of continuing uncertainty as to the resumption of zirconium production.

7. Income Taxes

No income taxes are payable for 1974 as losses carried forward from prior years exceed the estimated taxable income. The undepreciated balance of fixed assets for tax purposes as at December 31, 1974 exceeds the net book value of depreciable fixed assets by $18.8 million and is available to reduce taxable income in future years. There also remain loss carry-forwards of $1.9 million available to reduce taxable income in future years, of which $.6 million is available until December 31, 1976 and $1.3 million until December 31, 1977.

8. Supplementary Information

The Company had eight directors and eight officers; of the eight directors two were also officers. The aggregate remuneration paid the officers and directors during the year was $219,000 as officers and $6,000 as directors.

Northern Transportation Company Limited had ten directors and seven officers; of the ten directors four were also officers. The aggregate remuneration paid the officers and directors during the year was $125,900 as officers and $1,000 as directors. Grimshaw Trucking and Distributing Ltd., a wholly-owned subsidiary of Northern Transportation Company Limited, had five directors and six officers. The aggregate remuneration of the officers during the year was $17,000. No directors fees were paid.

Eldorado Aviation Limited had five directors and three officers, two of whom were also directors. Remuneration of $6,000 was paid to one director.

ELDORADO NUCLEAR LIMITED—*Concluded*

AUDITOR GENERAL OF CANADA
Ottawa, March 6, 1975.

THE HONOURABLE DONALD S. MACDONALD, P.C., M.P.,
MINISTER OF ENERGY, MINES AND RESOURCES,
OTTAWA.

Sir,

I have examined the balance sheet of Eldorado Nuclear Limited as at December 31, 1974 and the statements of income and expense, retained earnings and changes in financial position for the year then ended. My examination included a general review of the accounting procedures and such tests of accounting records and other supporting evidence as I considered necessary in the circumstances.

The Company has accounted for its investments in subsidiary companies on the cost basis ever since they were acquired and even though this basis is no longer generally accepted it continues to do so for the reason given in Note 1 to the financial statements dealing with subsidiary companies.

In my opinion these financial statements give a true and fair view of the financial position of the Company as at December 31, 1974 and the results of its operations and the changes in its financial position for the year then ended, in accordance with generally accepted accounting principles, except for the matter described in the preceding paragraph, applied on a basis consistent with that of the preceding year.

I further report that, in my opinion, proper books of account have been kept by the Company, the financial statements are in agreement therewith and the transactions that have come under my notice have been within the statutory powers of the Company.

Yours faithfully,

J. J. MACDONELL
Auditor General of Canada.

EXPORT DEVELOPMENT CORPORATION—*Continued*

NOTES TO FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 1974

1. Export loans and guarantees as at December 31, 1974:

	Export Development Act Sections 29–30	Export Development Act Sections 31–32
Account of . . .	EDC	Canada
	(Thousands of dollars)	
Statutory liability limit	$4,250,000	$850,000
Outstanding liability		
Signed loans . .	$1,882,685	$197,820
Signed guarantees	3,481	
	1,886,166	197,820
Portion of loans subject to participation without recourse. .	54,681	
Payments from foreign customers	292,137	6,961
	346,818	6,961
Total outstanding liability	$1,539,348	$190,859
Loans receivable		
Current:		
Due in 1975 .	$ 89,800	$ 4,946
Accrued interest and fees	12,530	773
	102,330	5,719
Overdue:		
Principal . . .	4,007	160
Interest . . .	1,260	111
	5,267	271
Non-current:		
Due 1976 to 1978	320,090	14,838
Due 1979 to 1981	258,578	12,404
Due 1982 and later	114,566	1,275
	693,234	28,517
	$ 800,831	$ 34,507

Negotiations are underway with the Governments of India and Pakistan to provide debt relief relative to $3,786,000 of the loans overdue at December 31, 1974.

Loans receivable at December 31, 1974 includes $128,772,000 from six countries for which it has been necessary to reschedule payments totalling $39,277,000. Subsequent payments totalling $8,648,000 have reduced the amount rescheduled to $30,629,000.

2. In 1974, an agreement, secured by promissory notes, was entered into with the Government of Chile providing for reimbursement of certain claims paid under sections 24 and 27 of the Export Development Act together with interest thereon, as follows:

	Claim recoveries	Capitalized interest	Total
	(Thousands of dollars)		
Total of agreement	$1,497	$101	$1,598
Paid in 1974	75	5	80
Balance receivable at December 31, 1974 which is recoverable in sixteen instalments, plus interest	$1,422	$ 96	1,518
Included in current assets under premiums and other receivables			80
Non-current assets (final maturity July 1, 1983)			$1,438

3. Canada's share of earnings, $1,738,000, represents the excess of income over expense in connection with transactions entered into under sections 27, 31 and 34 of the Export Development Act, which sections cover programs carried out on the Government's behalf.

4. The short-term borrowings of $34,973,000 are covered by marketable promissory notes which mature in January and February 1975. As additional security for the noteholders, EDC maintains revolving lines of credit totalling $50,000,000 with its bankers.

5. Loans and advances from Canada at December 31, 1974:

	Export Development Act Sections 13–14	Export Development Act Sections 31–32
Account of	EDC	Canada
Highest interest rate in force	9½%	6 7/8%
Current:	(Thousands of dollars)	
Due in 1975 . . .	$ 82,608	$ 5,106
Accrued interest	14,045	829
	96,653	5,935
Non-current:		
Due 1976 to 1978	290,125	14,838
Due 1979 to 1981	227,770	12,404
Due 1982 and later	109,838	1,275
	627,733	28,517
	$724,386	$34,452

6. Effective January 1, 1974, the method of amortizing deferred premiums was changed from equal monthly allocations over the term of each policy to a method which accelerates income to coincide with underwriting expenses relating to policy issuance.

EXPORT DEVELOPMENT CORPORATION–*Concluded*

This resulted in the following increases in items on the statement of operations:

	New method	Former method	Increase
	(Thousands of dollars)		
Export credits insurance premiums and guarantee fees earned			
Corporation account	$3,310	$2,889	$ 421
Government account	1,978	564	1,414
			1,835
Foreign investment insurance premiums and fees earned on Government account	281	183	98
			1,933
Canada's share of earnings	1,738	226	1,512
Resultant increase in net income			$ 421

7. Details of capital stock at December 31, are as follows:

	1974		1973	
	Shares	Value	Shares	Value
Par value per share–$100				
Authorized	4,000,000	$400,000,000	1,250,000	$125,000,000
Subscribed	1,250,000	125,000,000	1,250,000	125,000,000
Subscription not called	950,000	95,000,000	1,000,000	100,000,000
Capital stock	300,000	$ 30,000,000	250,000	$ 25,000,000
Issued and fully paid	250,000	$ 25,000,000	250,000	$ 25,000,000
Subscription called December 18, 1974, paid-in January 15, 1975	50,000	$ 5,000,000		

Capital stock subscriptions are subject to call at the discretion of the Board of Directors pursuant to section 11 of the Act.

8. Of the $2,980,000 recoveries in 1974, $1,090,000 was in respect of claims paid during the year and $1,890,000 was recovered in respect of claims paid in previous years.

Claims paid in 1974 and previous years in respect of exchange transfer difficulties and outstanding at year end amounted to $412,000. Other claims outstanding from which future recoveries might be made amounted to $3,495,000.

9. United States dollar accounts have been translated into Canadian dollars as follows: assets and liabilities at the exchange rate prevailing at December 31, 1974; income and expense at the average exchange rates in effect during the year.

10. Expense for the year included depreciation in the amount of $42,000. Remuneration of directors as directors of EDC amounted to $11,000, which was paid to the directors not selected from among persons employed in the public service of Canada and its five officers were paid $177,000. During 1974 there were 12 directors of whom one was also an officer of EDC.

AUDITOR GENERAL OF CANADA
Ottawa, K1A 0G6
March 17, 1975.

THE HONOURABLE ALASTAIR GILLESPIE, P.C., M.P.,
MINISTER OF INDUSTRY, TRADE AND COMMERCE,
OTTAWA.

Sir,

I have examined the balance sheet of Export Development Corporation as at December 31, 1974 and the statements of operations, retained earnings and changes in cash position for the year then ended. My examination included a general review of the accounting procedures and such tests of accounting records and other supporting evidence as I considered necessary in the circumstances.

In my opinion these financial statements present a true and fair view of the financial position of the Corporation as at December 31, 1974 and the results of its operations and the changes in its cash position for the year then ended, in accordance with generally accepted accounting principles applied on a basis consistent with that of the preceding year.

I further report that, in my opinion, proper books of account have been kept by the Corporation, the financial statements are in agreement therewith and the transactions that have come under my notice have been within the statutory powers of the Corporation.

Yours faithfully,

J. J. MACDONELL

FARM CREDIT CORPORATION

NOTES TO FINANCIAL STATEMENTS MARCH 31, 1975

1. Accounting policies

   Depreciation of fixed assets

   Depreciation is calculated using the reducing balance method.

   Reserve for losses

   Sub-section 15(1) of the Farm Credit Act states "The Corporation shall establish a reserve out of which may be paid any losses sustained by the Corporation in the conduct of its business". The Act further provides that the Corporation shall credit its net earnings each year to this reserve until the amount of the reserve equals the capital of the Corporation. Losses not recovered from Parliamentary appropriations have been charged to the reserve account.

2. Long-term receivables

   Outstanding amounts are receivable over periods ranging from one to thirty years at interest rates in effect at the time of loan approval.

	Period not exceeding	Annual interest rate %
Loans to farmers, secured by mortgages	30 years	4½–9¼
Loans to farm syndicates, secured by notes	15 years	6 –10
Agreements for sale	25 years	5 –9¼

   At March 31, 1975 accrued interest of $58,462,833 is included ($47,369,294 – 1974).

3. Canada loans

   The Corporation has borrowed funds from the Minister of Finance, for the purpose of making farm loans, such borrowings being repayable in accordance with the terms and rates prescribed at the time of borrowing.

   Outstanding amounts as at March 31, 1975 are as follows:

	Repayable up to	Annual interest rate %	Outstanding amount March 31, 1975
Farm Credit Act	1995	3½–8¼	$1,580,088,261
Farm Syndicates Credit Act	1979	5¼–9	10,807,904
Small Farm Development Program	1995	6 –8¼	8,919,823
Accrued interest			36,311,114
			$1,636,127,102

4. Remuneration to members

   The Corporation has 5 members who received $126,666 in salaries as officers, including $63,557 in retirement payments, during the fiscal year. The members received no remuneration as members.

AUDITOR GENERAL OF CANADA

Ottawa, Ontario,
K1A 0G6

June 6, 1975.

THE HONOURABLE EUGENE F. WHELAN, P.C., M.P.,
MINISTER OF AGRICULTURE,
OTTAWA, ONTARIO.
K1A 0C5

Dear Mr. Whelan,

I have examined the balance sheet of the Farm Credit Corporation as at March 31, 1975 and the statement of income and expense for the year then ended. My examination included a general review of the accounting procedures and such tests of accounting records and other supporting evidence as I considered necessary in the circumstances.

Consistent with the practice followed in prior years, losses on loans and subsequent recoveries are recorded in the reserve for losses on the balance sheet in the year of realization. The Corporation does not provide for estimated losses which are expected to arise on collecting the amounts outstanding at the balance sheet date. In accordance with generally accepted accounting principles, amounts receivable should be recorded on the balance sheet at estimated realizable values and the statement of income and expense should include the cost of estimated loan losses. No estimate of the amount of doubtful accounts was available as at March 31, 1975.

In my opinion, subject to the effect of recording an appropriate allowance for doubtful accounts, these financial statements give a true and fair view of the financial position of the Corporation as at March 31, 1975 and the results of its operations for the year then ended, in accordance with generally accepted accounting principles applied on a basis consistent with that of the preceding year.

I further report that, in my opinion, proper books of account have been kept by the Corporation, the financial statements are in agreement therewith and the transactions that have come under my notice have been within its statutory powers.

Yours sincerely,

J. J. MACDONELL
Auditor General of Canada.

The accompanying notes are an integral part of the financial statements.

NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED APRIL 30, 1974

1. Land, buildings and equipment

At April 30, 1974 the tangible fixed assets and related accumulated depreciation were as follows:

	Cost	Accumulated depreciation	Net
Land	$ 236,311	$	$ 236,311
Buildings	4,164,944	249,198	3,915,746
Equipment	1,906,078	723,841	1,182,237
Packer vessel	234,300	46,859	187,441
Construction in progress	24,700		24,700
	$6,566,333	$1,019,898	$5,546,435

2. Unamortized leasehold improvements

The Corporation has spent $1,208,319 on land and a processing plant constructed for the Department of Indian Affairs and Northern Development at Hay River, N.W.T. Under a twenty-year agreement dated July 1, 1972 the Department has leased this property back to the Corporation for $1 a year. The Corporation has received $850,000 from the Department and the balance of $358,319 is being amortized as a leasehold improvement over the term of the lease.

3. Deficit

Contributions of $3,000,000 towards the operating losses incurred by the Corporation in 1971-72 and 1972-73 have been requested from the federal and participating provincial and territorial governments. Of this amount $1,500,000 has been received from Canada, $150,000 from the Northwest Territories, and $150,000 from Ontario.

4. Statement of Operations

Certain comparative figures in the Statement of Operations for the year ended April 30, 1973 have been restated to conform to the classifications used for the year ended April 30, 1974 when interest with respect to financing of inventories through the Fisheries Prices Support Board and salaries and employee benefits for zone representatives have been classified as cost of sales.

Interest – as previously reported	$ 568,230	
– as restated	532,417	$ 35,813
Salaries and employee benefits		
– as previously reported	438,005	
– as restated	341,705	96,300
Decrease		$132,113
Cost of sales		
– as previously reported	$16,591,208	
– as restated	16,723,321	
Increase		$132,113

These reclassifications have no effect on the loss for 1972-73 as previously reported.

5. Supplementary information

During the year remuneration paid to directors as directors was $2,200 and remuneration paid to officers was $49,010.

The Corporation has eleven directors and two officers; one officer is also a director.

Depreciation and amortization recorded during the year was $421,437.

FRESHWATER FISH MARKETING CORPORATION—*Concluded*

AUDITOR GENERAL OF CANADA

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED DECEMBER 31, 1974

1. Accounting policy

   The Great Lakes Pilotage Authority was established on February 1, 1972 pursuant to the Pilotage Act. It is the practice that, until the revenue for pilotage charges is sufficient to permit the Authority to operate on a self-sustaining basis, any deficit, including capital expenditure, is to be recovered from parliamentary appropriations provided for that purpose. Accordingly, the excess of net expenditure over amounts received from parliamentary appropriations is recorded as accounts receivable; amounts received from appropriations in excess of the deficit are shown as such in the Equity of Canada.

   The cost of capital assets entrusted to the Authority in 1972 represents their original cost less accumulated depreciation to that date. Additions since that date have been recorded at cost. Equity of Canada has been credited with the cost of capital assets.

   Depreciation of capital assets is calculated on a straight-line basis over the anticipated useful lives of the assets. Although charged in the Statement of Income and Expenditure, depreciation is not recovered from parliamentary appropriations and therefore reduces the Equity of Canada to reflect the residual value of capital assets.

   The Statement of Income and Expenditure is prepared on an accrual basis except in respect of deferred collections (see Note 2) and termination benefits which are expensed as paid (see Note 4).

2. Deferred collections

   Accounts receivable include an estimated amount of $115,000 arising from pilotage services accounted for at the despatching office of the United States pilot corporation at Duluth, Minnesota. Due to the lack of precise accounting information from the United States pilot corporation, the amount receivable and the date of collection cannot be determined and because of these uncertainties, these amounts are not included in income but are shown as a deferred collection on the Balance Sheet.

3. Revenues payable to Canada

   Under by-laws issued pursuant to the Canada Shipping Act but revoked effective October 4, 1973, an amount equal to 3% of Cornwall District pilotage charges is payable to Canada. The amount due to Canada of $51,893 is included in accounts payable.

4. Termination benefits

   The financial statements do not reflect the termination benefits accruing to employees but instead the actual costs are expensed in the year of termination or retirement. The amount of these benefits at December 31, 1974 is estimated to be $460,000 as compared with $340,000 at the previous year-end. The increase of $120,000 during the year includes an amount of $55,000 in connection with pilots that elected in 1974 to become employees of the Authority.

5. Remuneration of directors and officers

   Expense includes remuneration of directors as directors, $3,750 (1973–$5,775), and remuneration of officers as officers, $31,244 (1973–$20,077). The Authority has six directors and five officers. Two officers are also directors.

GREAT LAKES PILOTAGE AUTHORITY, LTD.—*Concluded*

AUDITOR GENERAL OF CANADA

Ottawa, Ontario,
K1A 0G6
April 11, 1975

THE HONOURABLE JEAN MARCHAND, P.C., M.P.,
MINISTER OF TRANSPORT,
OTTAWA, ONTARIO.
K1A 0N5

Dear Mr. Marchand,

I have examined the balance sheet of the Great Lakes Pilotage Authority, Ltd. as at December 31, 1974 and the statement of income and expenditure for the year then ended. My examination included a general review of the accounting procedures and such tests of accounting records and other supporting evidence as I considered necessary in the circumstances.

As explained in Note 2 to the financial statements, the date of collection of certain accounts receivable arising from services rendered during the year is not determinable. As a consequence such amounts, totalling $115,000, have not been taken into income for the year but have been carried on the balance sheet as deferred collections to be taken into income when received. In accordance with generally accepted accounting principles and treatment in prior years, these amounts should have been included in income for the year, thereby reducing the excess of expenditure over income to $1,972,427.

In my opinion, except for the effect of failing to record as income certain amounts described in the preceding paragraph, these financial statements give a true and fair view of the financial position of the Authority as at December 31, 1974 and the results of its operations for the year then ended, in accordance with generally accepted accounting principles applied on a basis consistent with that of the preceding year.

I further report that, in my opinion, proper books of account have been kept by the Authority, the financial statements are in agreement therewith and the transactions that have come under my notice have been within its statutory powers.

Yours sincerely,

J. J. MACDONELL
Auditor General of Canada.

AUDITOR'S REPORT

We have examined the statement of assets and liabilities of the Industrial Development Bank as at September 30, 1974 and the statements of income and expense and of reserve fund for the year then ended. Our examination included a general review of the accounting procedures and such tests of accounting records and other supporting evidence as we considered necessary in the circumstances.

In our opinion these financial statements present fairly the financial position of the Bank as at September 30, 1974 and the results of its operations for the year then ended, in accordance with generally accepted accounting principles applied on a basis consistent with that of the preceding year.

G. I. CRAIG, C.A.

	$2,064,355	$ 752,171

The accompanying notes are an integral part of the financial statements.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED DECEMBER 31, 1974

1. Accounting policy

   The Laurentian Pilotage Authority was established on February 1, 1972 pursuant to the Pilotage Act. It is the practice that, until the revenue for pilotage charges is sufficient to permit the Authority to operate on a self-sustaining basis, any deficit, including capital expenditure, is to be recovered from parliamentary appropriations provided for that purpose. Accordingly, the excess of net expenditure over amounts received from parliamentary appropriations is recorded as accounts receivable; amounts received from appropriations in excess of the deficit are shown as such in the Equity of Canada.

   The cost of capital assets entrusted to the Authority in 1972 represents their original cost less accumulated depreciation to that date. Additions since that date have been recorded at cost. Equity of Canada has been credited with the cost of capital assets.

   Depreciation of capital assets is calculated on a straight-line basis over the anticipated useful lives of the assets. Although charged in the Statement of Income and Expenditure, depreciation is not recovered from parliamentary appropriations and therefore reduces the Equity of Canada to reflect the residual value of capital assets.

   Certain major services included in expenditure are provided without charge by government departments.

   The Statement of Income and Expenditure is prepared on an accrual basis except in respect of termination benefits which are expensed as paid (see Note 3).

2. Provision for doubtful accounts

   Pilotage services rendered in 1973 and 1974 in a total amount of $391,694 are in dispute and the subject of litigation yet to be heard by the courts. At December 31, 1974 full provision has been made for these amounts in the allowance for doubtful accounts.

3. Termination benefits

   The financial statements do not reflect the termination benefits accruing to employees but instead the actual costs are expensed in the year of termination or retirement. The amount of these benefits at December 31, 1974 is estimated to be $175,000 as compared to $127,000 at the previous year-end.

4. Remuneration of members and officers

   Expense includes remuneration of members as members, $8,300 (1973—$14,750), and remuneration of officers as officers, $88,588 (1973—$70,300). The Authority has seven members and four officers. Two officers are also members.

LAURENTIAN PILOTAGE AUTHORITY—*Concluded*

AUDITOR GENERAL OF CANADA

Ottawa, Ontario.
K1A 0G6

April 11, 1975

THE HONOURABLE JEAN MARCHAND, P.C., M.P.,
MINISTER OF TRANSPORT,
OTTAWA, ONTARIO.
K1A 0N5

Dear Mr. Marchand,

I have examined the balance sheet of the Laurentian Pilotage Authority as at December 31, 1974 and the statement of income and expenditure for the year then ended. My examination included a general review of the accounting procedures and such tests of accounting records and other supporting evidence as I considered necessary in the circumstances.

In my opinion these financial statements give a true and fair view of the financial position of the Authority as at December 31, 1974 and the results of its operations for the year then ended, in accordance with generally accepted accounting principles applied on a basis consistent with that of the preceding year.

I further report that, in my opinion, proper books of account have been kept by the Authority, the financial statements are in agreement therewith and the transactions that have come under my notice have been within its statutory powers.

Yours sincerely,

J. J. MACDONELL
Auditor General of Canada.

Excess of expense over income	$107,445	$51,528

The accompanying notes are an integral part of the financial statements.

NOTES TO THE FINANCIAL STATEMENTS

1. Accounting policy

   The Corporation follows the practice of charging the cost of capital assets to operations in the year of acquisition.

   Municipal and other grants are recorded as assets at year-end in cases where the grantors have made firm commitments to the Corporation.

2. National Arts Centre Building Complex

   The Corporation leases the National Arts Centre building complex from the Department of Public Works. Under the terms of the lease, the Corporation is responsible for both maintenance and operation of the building complex but is not required to pay rent. Accordingly, the financial statements do not reflect any other occupancy costs.

3. Statement presentation

   Certain 1974 comparative figures have been restated to conform to 1975 presentation.

4. Statutory information

   Six executive officers (seven in 1974) were paid salaries aggregating $173,000 in both 1975 and 1974; and eleven trustees (fourteen in 1974) were paid fees aggregating $6,000 in each year.

NOTE TO FINANCIAL STATEMENTS MARCH 31, 1975

Accounting Policy

Capital Assets

Capital assets are expensed in the year of acquisition. However, the assets less disposals, are recorded on the balance sheet with a similar amount added to the Equity of Canada.

THE NATIONAL BATTLEFIELDS COMMISSION—*Concluded*

AUDITOR GENERAL OF CANADA
Ottawa, Ontario
K1A 0G6
July 17, 1975

THE HONOURABLE J. JUDD BUCHANAN, P.C., M.P.
MINISTER OF INDIAN AFFAIRS AND NORTHERN DEVELOPMENT
OTTAWA, ONTARIO

Dear Mr. Buchanan,

I have examined the balance sheet of the National Battlefields Commission as at March 31, 1975 and the statements of income and expense and equity of Canada for the year then ended. My examination included a general review of the accounting procedures and such tests of accounting records and other supporting evidence as I considered necessary in the circumstances.

In my opinion these financial statements give a true and fair view of the financial position of the Commission as at March 31, 1975 and the results of its operations for the year then ended, in accordance with generally accepted accounting principles applied on a basis consistent with that of the preceding year.

I further report that, in my opinion, proper books of account have been kept by the Commission, the financial statements are in agreement therewith and the transactions that have come under my notice have been within its statutory powers.

Yours sincerely,

J. J. MACDONELL
Auditor General of Canada

NATIONAL CAPITAL COMMISSION

(Established by the National Capital Act)

NATIONAL CAPITAL COMMISSION—*Continued*

NOTES TO THE FINANCIAL STATEMENTS MARCH 31, 1975

1. Accounting policies

(a) National Capital Fund

The Commission manages the National Capital Fund for which funds are provided by non-lapsing parliamentary appropriations. The operations of the National Capital Fund are reflected on the statement of the National Capital Fund and, accordingly, are not included in the statement of operating expenditures. The balance sheet and statement of changes in financial position reflect the combined accounts of the Commission's other operations and the National Capital Fund.

(b) Capital assets

Capital assets are carried on the balance sheet at cost. Where capital assets are financed by parliamentary appropriations, and not by loan monies, an equivalent amount is credited to proprietary interest. Losses or gains arising on disposal of assets are reflected in the proprietary interest account.

In general, capital assets are not revenue-producing and no depreciation is recorded in the accounts.

2. Loans from Canada for acquisition of property

Although interest is payable semi-annually at rates varying from 4% to 8 7/16%, no dates for repayment of principal are specified, except that the loans must be repaid by proceeds of sales or by payments from parliamentary appropriations. Effective April 1, 1974, payment of interest on loans totalling $39,618,684, borrowed for the purpose of acquiring property in the Greenbelt, has been deferred until March 31, 1979. At March 31, 1975, the deferred interest amounted to $2,066,970, which amount is not recorded on the financial statement.

3. Commitments

(a) Capital assets include the cost of certain properties which will be disposed of at the time of the completion of the following agreements:

(i) agreement with the railway companies resulting from the relocation of the Ottawa area railway facilities;
(ii) agreements with the Province of Ontario and the Province of Quebec for lands to be given free of charge for approaches to the Macdonald-Cartier Bridge;
(iii) agreements with the City of Ottawa for lands for Riverside Drive to be transferred at 50% of their book value and for lands for the Queensway right-of-way from the eastern city limits to the Rideau Canal free of charge;
(iv) agreement with the Province of Quebec for the transfer of lands for $1 to be used as a right-of-way for the future Highway No. 550; and
(v) agreement with the Province of Ontario for the transfer of lands for $1 to be used as a right-of-way for Highway No. 417.

Upon completion of these agreements, the cost of the properties will be removed from capital assets and reflected in the National Capital Fund as contributions.

(b) Subject to being provided with future funds from Parliament, the Commission is committed to make contributions to other levels of government:

(i) to the Province of Quebec one-half of the cost of a road network within the National Capital Region. The Commission's share during the period 1971-72 to 1981-82 is currently estimated at $105 million of which $19 million has been expended;
(ii) to the Province of Quebec and the Outaouais Regional Community one-third of the cost of a regional sewage disposal system. The maximum Commission cost will be $40 million of which $6 million has been expended; and
(iii) to the Province of Ontario and the Regional Municipality of Ottawa-Carleton one-third of the cost of a regional sewage disposal system. The maximum Commission cost will be $25 million of which $6.8 million has been expended.

In addition, the Commission has agreed to be responsible for certain landscaping costs on land to be assigned for transportation purposes.

4. Remuneration of members and officers

Management and general services expenditure includes remuneration of nine members as members, $12,800 (1973-74 $19,300), and remuneration of three officers as officers $95,329 (1973-74 $75,891). The Commission had sixteen members and three officers. Two officers were also members.

NATIONAL CAPITAL COMMISSION—*Concluded*

AUDITOR GENERAL OF CANADA

Ottawa, Ontario,
K1A 0G6

June 27, 1975.

THE HONOURABLE BARNEY DANSON, P.C., M.P.,
MINISTER OF STATE FOR URBAN AFFAIRS,
OTTAWA, ONTARIO.
K1A 0P6

Dear Mr. Danson,

I have examined the balance sheet of the National Capital Commission as at March 31, 1975 and the statements of the National Capital Fund, operating expenditures, proprietary interest and changes in financial position for the year then ended. My examination included a general review of the accounting procedures and such tests of accounting records and other supporting evidence as I considered necessary in the circumstances.

As explained in Note 2 to the financial statements the Commission has not recorded interest of $2,066,970 which accrued during the year on loans from Canada. Payment of such interest has been deferred until March 31, 1979.

As explained in Note 3 to the financial statements the Commission has undertaken to transfer certain capital assets to others at amounts substantially less than cost. At March 31, 1975 the cost of such properties had not been removed from the balance sheet, as the final determination of the cost and proceeds had not been completed.

In my opinion, except for the effect of not recording interest and certain capital asset transactions, as described in the two preceding paragraphs, these financial statements give a true and fair view of the financial position of the Commission as at March 31, 1975 and the results of its operations and the changes in financial position for the year then ended, in accordance with generally accepted accounting principles applied on a basis consistent with that of the preceding year.

I further report that, in my opinion, proper books of account have been kept by the Commission, the financial statements are in agreement therewith and the transactions that have come under my notice have been within its statutory powers.

Yours sincerely,

J. J. MACDONELL
Auditor General of Canada.

Working capital at end of year	$ 33,278,860	$ 35,593,075

The accompanying notes are an integral part of the financial statements.

NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 1974

1. Accounting Policies

The financial statements of the National Harbours Board include the accounts of all the ports and other facilities administered by it.

Investments

Investments are carried at amortized cost, with premium or discount amortized over the periods to maturity dates.

NATIONAL HARBOURS BOARD—*Continued*

Fixed assets

Assets are recorded at cost; assets transferred to the Board at no cost from the Crown are recorded at estimated values. The transfer values are reflected in the Equity of Canada on the balance sheet.

Depreciation is charged on the straight-line method based on the estimated useful life of the fixed assets.

Gain or loss on disposal of assets

Gains or losses on the disposal of all securities and fixed assets are shown in the deficit account.

Reserve fund assets and reserve funds

The Board assumes the risks against fire and general perils, as well as for workmen's compensation claims. In recognition of these risks and to provide for special maintenance that may be required on its fixed assets, the Board has periodically set aside funds for investment on an individual port basis. Such amounts have been accounted for as reserves and were charged to the deficit account.

In the past, the Board has also periodically set aside funds to provide for the replacement of fixed assets.

Only major expenditures, occasioned by losses or need to replace assets, are financed by these funds.

Pending completion of a review to evaluate the adequacy of the various fund balances, the Board has suspended further allocation of funds. Income from investments is reflected on the statement of operations.

Provision for Employee Benefits

Accruals are made in the accounts for termination benefits and vacation pay. Annual pension contributions are charged to operations in the amounts paid to the Public Service Superannuation Account.

Appropriations from Parliament

Amounts received by the Board from parliamentary appropriations to cover certain operating losses are credited to the deficit account.

2. Long-term Agreements of Sale

The amount of $9,041,765 is recoverable over periods up to 33 years with interest at rates varying from 5 1/4% to 9% and comprises $7,638,040 in respect of the sale of two grain elevators at Vancouver and $1,403,725 in respect of the sale of real property at Montreal. Of these amounts $282,694 is receivable within one year.

3. Amounts Received from Outsiders to Finance Capital Projects

The Province of New Brunswick has agreed to finance, under an agreement dated July 13, 1972, approved by Order in Council P.C. 1972-1819 of August 24, 1972, the construction of a new terminal at Saint John estimated at that time to cost $21 million. The estimated cost now is $37 million of which the Board's commitment is limited to $12 million; provincial authorization to finance to the extent of $25 million was granted subsequent to December 31, 1974. At December 31, 1974, the Province's investment amounted to $20,830,983. This investment in the terminal, the title to which immediately vests in the Board, may be repayable, with interest rates prevailing at the time of financing, from net revenues of the terminal and the existing terminal at Pier 1, as determined by the Board after consultation with the Province, up to June 30, 1993, or by the Board exercising its right to repay the Province its investment at any time. Parliamentary approval for this financing arrangement is being sought through Transport Vote L95 of 1975-76 Estimates.

The Province agreed to pay the undepreciated value of assets demolished as part of the construction of the new terminal. Settlement is to be made when the Province's investment has been repaid, or on June 30, 1993, whichever comes earlier. The non-interest bearing deferred account receivable of $2,402,925 represents that portion of the Board's assets that were demolished.

4. Debentures – Saint John Harbour Bridge Authority

The amount of $15,559,518 includes accrued interest of $514,964. The debentures, bearing interest at rates from 6 11/16% to 8 1/2%, were acquired in accordance with the provisions of Vote L106b, Appropriation Act No. 7, 1967, 1967-68, c.8, which also authorized advances to the Board for such purposes. The interest and repayment terms of the parliamentary advances to the Board are identical to those of the debentures. The resultant offsetting income and expense amounting to $1,030,739 are not reflected in the statement of operations.

5. Reserve Fund Assets

As permitted by section 26 of the National Harbours Board Act, R.S., c. N-8, the Board has allocated certain of its revenues, after payment of its expenses of administration, management and control, to certain reserve funds. These reserve funds, with their balances at December 31, 1974 and 1973 are as follows:

	1974	1973
Acquisition of Fixed Assets	$47,784,910	$47,737,014
Fire and General Insurance	7,155,906	7,895,921
Workmen's Compensation	2,150,116	2,150,084
Special Maintenance	637,626	635,715
	$57,728,558	$58,418,734

During the year the above funds were increased as a result of amortization of discount of $125,521. Securities with a book value of $815,697 were sold to provide funds for the reconstruction of sheds which had been destroyed by fire at the Port of Saint John.

6. Burrard Inlet Crossing

Engineering studies were made in 1969 and 1970 to determine the exact location for a new crossing and to make designs of both a tunnel and a bridge. No work has been carried out on this project since 1970. Terms of repayment of the parliamentary advances of $4,290,509 which financed the studies, have not been determined. Interest to date, $1,547,395, has been capitalized resulting in a total cost at December 31, 1974, of $5,837,904.

7. Fixed Assets

In 1972 the administration, management and control of the Port of Prince Rupert was transferred to the National Harbours Board from the Ministry of Transport. The estimated value of the assets was recorded in the accounts at $3,554,000. Based on appraisals completed in 1974 the depreciated value of the assets at December 31, 1973, was reduced to $595,254. The comparative figures at December 31, 1973, have been adjusted accordingly.

NATIONAL HARBOURS BOARD—*Concluded*

8. Provision for Employee Benefits
   Of the total of $5,850,233 it is estimated that $1,200,000 is payable in 1975.

9. Parliamentary Grants to Finance the Construction of Retaining Walls, Quebec Harbour
   The Board has expended and charged $8,012,707 to absolute grants of $8,020,100 provided by the Ministry of Transport to finance the construction of retaining walls along the banks of the St. Charles River. The balance of $7,393 at December 31, 1974, is intended to cover final miscellaneous costs.

10. Equity of Canada – Loans, Advances and Interest in Arrears
    Although interest is payable semi-annually at rates varying from 2 3/4% to 9 5/8%, no dates for payment of principal are specified except for the advances referred to in Note 4.

    Interest in arrears increased by $12,924,504 during 1974 ($8,676,824 in 1973) to a total of $201,139,262 at December 31, 1974. No interest is calculated on interest in arrears.

11. Contingent Liabilities
    Claims aggregating approximately $2,700,000 in respect of lawsuits, guarantees, employee agreements, damage allegedly suffered on the Board's property and sundry other matters in dispute have been received by the Board. In the opinion of the Board and its legal advisers, the Board's position is defensible and the final outcome of such claims should not result in any material payments.

12. Loss on Disposal of Assets
    The amount of $788,904 consists of $435,840 in respect of fixed assets destroyed by fire in Saint John, $120,356 representing the loss on sale of securities to finance these assets and $232,708 from the loss on disposal of fixed assets.

13. Salaries of Board Members and Officers
    The aggregate remuneration paid to four Board Members in the year 1974 amounted to $133,294. There were six other officers paid an aggregate of $183,064 in the year.

AUDITOR GENERAL OF CANADA
Ottawa, Ontario,
K1A 0G6,
April 18, 1975.

THE HONOURABLE JEAN MARCHAND, P.C., M.P.,
MINISTER OF TRANSPORT,
OTTAWA.
K1A 0N5.

Dear Mr. Marchand,

I have examined the balance sheet of the National Harbours Board as at December 31, 1974 and the statements of operations, deficit and source and application of funds for the year then ended. My examination included a general review of the accounting procedures and such tests of accounting records and other supporting evidence as I considered necessary in the circumstances.

Losses on disposal of assets ammounting to $788,904, as described in Note 12 to the financial statements, are shown in the deficit account. In my opinion such losses should have been charged to operations thereby increasing the net loss for the year ended December 31, 1974 to $15,137,549.

Advances received by the Board from the Consolidated Revenue Fund of Canada are evidenced by certificates of indebtedness which do not indicate the due date of the principal but specify the rate of interest and the interest period. Upon expiry of the interest period, new certificates of indebtedness are not issued, but the Board continues to record interest beyond such periods on the principal amount of the debt at the rates originally specified. Interest recorded on certificates of indebtedness for which the interest period had expired amounted to approximately $7,000,000 during 1974 and $56,000,000 in prior years. Such interest was charged to expenses in the respective years and added to interest in arrears on loans and advances shown on the balance sheet.

I have been unable to ascertain the amount of the Board's liability, if any, for the payment of interest with respect to periods following the termination of the interest periods specified in the certificates of indebtedness.

Subject to the effect, if any, of the final determination of the liability for certain interest referred to in the proceding two paragraphs, in my opinion, these financial statements give a true and fair view of the financial position of the Board as at December 31, 1974, and, except for the effect of charging asset disposal losses to the deficit account, as described in the second paragraph, also give a true and fair view of the results of its operations and the source and application of its funds for the year then ended, in accordance with generally accepted accounting principles applied on a basis consistent with that of the preceding year.

I further report that, in my opinion, proper books of account have been kept by the Board, the financial statements are in agreement therewith and the transactions that have come under my notice have been within the statutory powers of the Board.

Yours sincerely,

J. J. MACDONELL
Auditor General of Canada.

NORTHERN CANADA POWER COMMISSION

(Established by the Northern Canada Power Commission Act)

BALANCE SHEET AS AT MARCH 31, 1975

ASSETS	1975	1974

The accompanying notes are an integral part of the financial statements.

NORTHERN CANADA POWER COMMISSION—*Concluded*

NOTES TO FINANCIAL STATEMENTS

1. Accounting Policies

Depreciation Policy

It is a policy of the Commission to calculate depreciation on fixed assets purchased out of advances from Canada using the sinking fund method. This has the effect of charging as depreciation an amount equivalent to the principal repayment of the associated loan which itself is amortized over the estimated economic life of the asset. For assets purchased from internally generated funds and the head office building, the Commission charges straight-line depreciation over the estimated economic life of the asset.

Projects Under Construction

The Commission receives funds for capital expenditures by way of interest bearing advances from Canada. Interest at current rates is added to the capital cost of fixed assets under construction and is capitalized on completion of each project. Engineering and technical support expense is charged to capital expenditures as a component of fixed asset cost on the basis of time reported at appropriate labour and overhead rates. A share of general administration expense is charged to capital projects as a percentage of project cost, based on the measure of effort spent on capital projects.

Deferred Charges

Deferred charges represent the unamortized costs of relocating the Head Office of the Commission from Ottawa to Edmonton and of terminated project site investigations. The Head Office relocation costs and project site investigations are being written off to operations over a period of five years and three years respectively.

2. Gifted Assets – Contributed Surplus

Fixed assets gifted to the Commission by Canada and others have been written off to better reflect the absence of any depreciation charge and associated incremental revenue. March 31, 1974 figures have been restated to be comparable with those of the year ended March 31, 1975.

3. Advances From Canada

Advances from Canada including interest capitalized upon completion of each project are repaid by equal annual instalments of principal and interest over the estimated economic life of the related asset which varies from ten to forty years. During 1975-76 the Commission will pay the sum of $1,720,896 in respect of the principal of such loans with interest rates varying from 3 1/8% to 9 3/4%.

4. Prior Periods' Adjustments

During the year 1973-74 the Commission changed its policy on the depreciation of motor vehicles from an annuity basis over the life of the loans used for their acquisition to a straight-line basis over four years which resulted in a prior periods' adjustments of $196,325.

5. Remuneration of Members and Officers

The aggregate remuneration paid by the Commission during the fiscal year ended March 31, 1975 to its three members and six officers of whom one is also a member was $1,200 and $147,135 respectively.

AUDITOR GENERAL OF CANADA
Ottawa, Ontario
K1A 0G6

July 25, 1975.

THE HONOURABLE J. J. BUCHANAN, P.C., M.P.,
MINISTER OF INDIAN AFFAIRS AND
NORTHERN DEVELOPMENT,
OTTAWA.

Dear Mr. Buchanan,

I have examined the balance sheet of Northern Canada Power Commission as at March 31, 1975 and the statements of income and expense, retained earnings and changes in financial position for the year then ended. My examination included a general review of the accounting procedures and such tests of accounting records and other supporting evidence as I considered necessary in the circumstances.

In my opinion, these financial statements give a true and fair view of the financial position of the Commission as at March 31, 1975 and the results of its operations and changes in financial position for the year then ended, in accordance with generally accepted accounting principles applied on a basis consistent with that of the preceding year after giving retroactive effect to the change in accounting for contributed assets, as described in Note 2 to the financial statements.

I further report that, in my opinion, proper books of account have been kept by the Commission, the financial statements are in agreement therewith and the transactions that have come under my notice have been within the statutory powers of the Commission.

Yours sincerely,

J. J. MACDONELL
Auditor General of Canada.

The accompanying notes are an integral part of the financial statements.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

1. Accounting Policies

Principles of Consolidation

The consolidated financial statements include the accounts of all subsidiaries and are prepared in accordance with generally accepted accounting principles.

The acquisitions of all subsidiary companies are accounted for on a purchase basis and earnings are included in the consolidated financial statements from the date of acquisition.

On consolidation all significant inter-company items are eliminated.

Inventory Valuation

Materials and supplies in inventory are valued at the lower of cost or estimated net realizable value.

Depreciation

Taking into account the estimated useful life of the depreciable assets, depreciation is applied on a straight-line basis at various rates.

Insurance Investment Fund – Provision for Insurance

It is the policy of the Company to carry general and third party liability and physical property coverage except for western marine operations where the Company is self-insured for total or partial loss of the marine fleet and shore installations including buildings and equipment. During the year it was decided to systematically establish a fund for self-insurance purposes by annual charges against income. The charge during the year was $300,000 which is included in Freight haulage.

Deferred Income Tax

The Company claims for income tax purposes certain expenses, principally the capital cost allowance on depreciable assets, in amounts differing from those charged against operations. Any possible future income tax liabilities which are deferred as a result of such timing differences are charged against income and shown as a deferred liability. When amounts claimed for tax purposes in subsequent years are less than the expenses charged to operations, the deferred liability is reduced.

2. Bank Indebtedness

The accounts receivable of a subsidiary company are assigned as collateral security for bank indebtedness.

3. Long-term Debt

The Company, during the current and prior periods, has borrowed various amounts from Canada subject to the terms and conditions prescribed by the Governor in Council. At December 31, 1974, outstanding principal amounted to $54,100,000 of which $5,000,000 is due within one year and the balance of $49,100,000 is repayable in various amounts through October 15, 1989. These loans bear interest at rates up to 9 7/8%.

Two mortgages are owing by a subsidiary company and both are secured by charges against that company's properties. The first, amounting to $188,812, is repayable in equal monthly installments through April 1983. Of this amount $9,000 is due within one year. The second is for $106,000 and is repayable in full on April 1, 1976.

4. Extra-provincial Trucking Authorities

This amount represents the value of general merchandise operating authorities, being the excess of cost over equity upon the acquisition of a subsidiary company.

5. Property and Equipment

Included in land is an amount of $107,000 paid in trust for property, the title of which has not yet been received. The purchase involved the consolidation of a number of smaller leased parcels forming part of the Hay River Shipyard, which necessitated the preparation of a new certificate of title.

6. Remuneration of Directors and Officers

The Company had ten directors and seven officers; of the ten directors, four were also officers. The aggregate remuneration paid the officers and directors during the year was $125,900 as officers and $1,000 as directors.

Grimshaw Trucking and Distributing Ltd. had five directors and six officers; of the five directors, three were also officers. The aggregate remuneration of the officers during the year was $17,000. No directors fees were paid.

NORTHERN TRANSPORTATION COMPANY LIMITED–*Concluded*
AND SUBSIDIARY COMPANIES

AUDITOR GENERAL OF CANADA
Ottawa, February 28, 1975.

THE HONOURABLE JEAN MARCHAND, P.C., M.P.,
MINISTER OF TRANSPORT,
OTTAWA.

Sir,

I have examined the consolidated balance sheet of Northern Transportation Company Limited and subsidiary companies as at December 31, 1974 and the consolidated statements of income and expense, retained earnings and changes in financial position for the year then ended. My examination included a general review of the accounting procedures and such tests of accounting records and other supporting evidence as I considered necessary in the circumstances.

In my opinion these consolidated financial statements give a true and fair view of the financial position of the Company and its subsidiary companies as at December 31, 1974 and the results of their operations and the changes in their financial position for the year then ended, in accordance with generally accepted accounting principles applied, except for the matter described under insurance investment fund – provision for insurance in Note 1 to the financial statements, on a basis consistent with that of the preceding year.

I further report that, in my opinion, proper books of account have been kept by the Company and each of its subsidiary companies, their financial statements are in agreement therewith and the transactions that have come under my notice have been within their statutory powers.

Yours faithfully,

J. J. MACDONELL
Auditor General of Canada.

	$ 298,827	$ 593,121

The accompanying notes are an integral part of the financial statements.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED DECEMBER 31, 1974

1. Accounting policy

The Pacific Pilotage Authority was established on February 1, 1972 pursuant to the Pilotage Act. It is the practice that, until the revenue for pilotage charges is sufficient to permit the Authority to operate on a self-sustaining basis, any deficit, including capital expenditure, is to be recovered from parliamentary appropriations provided for that purpose. Accordingly, the excess of net expenditure over amounts received from parliamentary appropriations is recorded as accounts receivable; amounts received from appropriations in excess of the deficit are shown as such in the Equity of Canada.

The cost of capital assets entrusted to the Authority in 1972 represents their original cost less accumulated depreciation to that date. Additions since that date have been recorded at cost. Equity of Canada has been credited with the cost of capital assets.

Depreciation of capital assets is calculated on a strainght-line basis over the anticipated useful lives of the assets. Although charged in the Statement of Income and Expenditure, depreciation is not recovered from parliamentary appropriations and therefore reduces the Equity of Canada to reflect the residual value of capital assets.

The Statement of Income and Expenditure is prepared on an accrual basis except in respect of termination benefits which are expensed as paid (see Note 2).

2. Termination benefits

The financial statements do not reflect the termination benefits accruing to employees but instead the actual costs are expensed in the year of termination or retirement. The amount of these benefits at December 31, 1974 is estimated to be $122,000 as compared with $99,000 at the previous year-end.

PACIFIC PILOTAGE AUTHORITY—*Concluded*

3. Long-term commitment

   The Authority has an outstanding commitment in respect of a bare boat charter under the terms of which it is required to pay an annual rental of $32,229 up to and including 1988.

4. Contingent liability

   A contingent liability exists with respect to legal action wherein a shipping company disputes the legality of the regulations pursuant to which the Authority has collected compulsory pilotage of $74,248. In the opinion of legal counsel the Authority has a valid defence.

5. Remuneration of members and officers

   Expense includes remuneration of members as members, $21,675 (1973–$34,650), and remuneration of officers as officers, $84,471 (1973–$72,777). The Authority has four members and three officers.

AUDITOR GENERAL OF CANADA
Ottawa, Ontario.
K1A 0G6

April 11, 1975

THE HONOURABLE JEAN MARCHAND, P.C., M.P.,
MINISTER OF TRANSPORT,
OTTAWA, ONTARIO.
K1A 0N5

Dear Mr. Marchand,

I have examined the balance sheet of the Pacific Pilotage Authority as at December 31, 1974 and the statement of income and expenditure for the year then ended. My examination included a general review of the accounting procedures and such tests of accounting records and other supporting evidence as I considered necessary in the circumstances.

In my opinion these financial statements give a true and fair view of the financial position of the Authority as at December 31, 1974 and the results of its operations for the year then ended, in accordance with generally accepted accounting principles applied on a basis consistent with that of the preceding year.

I further report that, in my opinion, proper books of account have been kept by the Authority, the financial statements are in agreement therewith and the transactions that have come under my notice have been within its statutory powers.

Yours sincerely,

J. J. MACDONELL

The accompanying notes are an integral part of the financial statements.

NOTES TO THE FINANCIAL STATEMENTS AS AT DECEMBER 31, 1974

1. Accounting policies

Those accounting policies followed by the Corporation which are considered significant are as follows:

a) Inventories

Inventories are valued at the lower of cost or net realizable value with cost being determined on a first-in, first-out basis.

b) Capital assets and depreciation

The Mint buildings and much of the equipment in Ottawa are rented from the Department of Public Works and the Department of Finance respectively.

Capital assets are stated at acquisition cost. Depreciation is provided on a straight line basis commencing with a full year's charge in the year of acquisition using rates that vary with the type of equipment and the program for which the equipment is used.

The land, construction in progress and $4,685,000 of equipment relate to the new Mint in Winnipeg and include interest on loans in the amount of $679,477 ($230,571 to December 31, 1973). Depreciation of these facilities will commence January 1, 1975 when the new Mint is scheduled to begin production.

c) Deferred charges

These are primarily costs incurred in preparation for the transfer of operations to the new Mint which will be amortized over three years commencing January 1, 1975.

2. Inventories

Inventories do not include gold bullion, silver bullion and coin held in safekeeping on behalf of the Department of Finance and others valued at December 31, 1974 at approximately $91,000,000.

3. Services provided without charge

The Department of Supply and Services provides cheque issue and payroll services without charge. The estimated cost of $26,000 ($37,600 for 1973) is not reflected in the accounts.

4. Remuneration of Directors and Officers

The Mint has seven directors and five officers; one officer is also a director. No remuneration was paid to the directors as directors. Remuneration of officers as officers was $137,675.

ROYAL CANADIAN MINT—*Concluded*

AUDITOR GENERAL OF CANADA
Ottawa, March 14, 1975.

THE HONOURABLE JEAN-PIERRE GOYER, P.C., LL.B., M.P.,
MINISTER OF SUPPLY AND SERVICES,
OTTAWA.

Sir,

I have examined the balance sheet of the Royal Canadian Mint as at December 31, 1974 and the statements of income and expense and changes in financial position for the year then ended. My examination included a general review of the accounting procedures and such tests of accounting records and other supporting evidence as I considered necessary in the circumstances.

In my opinion these financial statements give a true and fair view of the financial position of the Mint as at December 31, 1974 and the results of its operations and the changes in its financial position for the year then ended, in accordance with generally accepted accounting principles applied on a basis consistent with that of the preceding year.

I further report that, in my opinion, proper books of account have been kept by the Mint, the financial statements are in agreement therewith and the transactions that have come under my notice have been within the statutory powers of the Mint.

Yours faithfully,

J.J. MACDONELL
Auditor General of Canada.

	9,051,036
Increase in working capital	1,826,381
Working capital, beginning of year	(930,164)
Working capital, end of year	$ 896,217

The accompanying notes are an integral part of the financial statements.

NOTES TO FINANCIAL STATEMENTS
MARCH 31, 1975

1. Accounting policies
   (a) Film rights
   Film rights are carried at cost or residual value.
   (b) Capital assets
   Capital assets are carried at cost and depreciated on the straight line method using rates based on the estimated useful life of the assets.

   (c) Comparative figures
   Comparative figures for the year ended March 31, 1974 are not shown on the financial statements inasmuch as the company's activities relate principally to station CKLW-TV in which it had a minority holding; accordingly, only the investment and share of net operating results were reflected in the 1974 accounts.

2. Capital stock outstanding
   All the outstanding shares are held by the Canadian Broadcasting Corporation. During the year the company issued 1,080 common shares to the Canadian Broadcasting Corporation, for a consideration of $10,800,000.

   Funds derived from this stock issue were used principally to acquire the interest of CFTO-TV Limited in station CKLW-TV, Windsor.

3. Acquisition of partner's interest in station CKLW-TV
   During the year the company acquired the remaining interest of CFTO-TV Limited in station CKLW-TV. Payments for such interest were computed in accordance with the agreement entered into between the company and CFTO-TV Limited on May 29, 1970. Operating losses of CKLW-TV from date of acquisition of the station had been allocated to the company and CFTO-TV Limited in a 1:3 ratio. To March 31, 1974 the share of the cumulative deficits allocated to CFTO-TV Limited amounted to $6,322,730. In accordance with the terms of the agreement these deficits were assumed by the company and added to its Deficit account upon acquisition of CFTO-TV Limited's interest in station CKLW-TV.

4. Goodwill
   Goodwill acquired in the purchase of station CKLW-TV in 1970, has been written off to the Deficit account, as it is considered to have no value.

5. Assistance payments from the Canadian Broadcasting Corporation
   The operating loss for the year arising from station CKLW-TV, has been defrayed (exclusive of depreciation expense) by assistance payments received by the company ($1,260,807) from the Canadian Broadcasting Corporation.

6. Operations
   The company has taken steps to transfer the assets of station CKLW-TV to the Canadian Broadcasting Corporation, which will undertake the future operation of this station from July 24, 1975 subject to the issuance of the licence by the Canadian Radio Television Commission.

7. Supplementary information
   Depreciation and amortization charged during the year amounted to $251,206.

   The company paid no remuneration to its five directors and four officers of the company. Two of these officers are also directors.

AUDITOR GENERAL OF CANADA
Ottawa, June 23, 1975.

THE CANADIAN BROADCASTING CORPORATION
AND
THE HONOURABLE J. HUGH FAULKNER, P.C., M.P.,
SECRETARY OF STATE
OTTAWA

Sirs,

I have examined the balance sheet of St. Clair River Broadcasting Limited at March 31, 1975 and the statements of operations, deficit and changes in financial position for the year then ended. My examination included a general review of the accounting procedures and such tests of accounting records and other supporting evidence as I considered necessary in the circumstances.

In my opinion these financial statements give a true and fair view of the financial position of the Corporation at March 31, 1975 and the results of its operations and the changes in financial position for the year then ended, in accordance with generally accepted accounting principles applied on a basis consistent with that of the preceding year.

I further report that, in my opinion, proper books of account have been kept by the Corporation, the financial statements are in agreement therewith and the transactions that have come under my notice have been within its statutory powers.

Yours sincerely,

J. J. MACDONELL
Auditor General of Canada.

THE ST. LAWRENCE SEAWAY AUTHORITY

(Established by the St. Lawrence Seaway Authority Act)

Note: Not included above are the capital assets of Non-Toll Canals under the administration of the Authority. After 1974 transfers of assets having a book value of $34,742,176 to the Department of Public Works and the National Harbours Board and a 1974 transfer of land valued at $657,240 to the Welland Canal, the Non-Toll Canal properties remaining under the administration of the Authority comprise land and improvements, substantially at Sault Ste. Marie, with a cost valuation of $8,153,149 and movable equipment with a cost valuation of $430,026.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED DECEMBER 31, 1974

1. Accounting policies

Inventories

Materials are valued at average cost reduced periodically for obsolete or slow-moving items. Minor equipment and shop work in progress are valued at cost.

Capital assets

Capital assets are recorded at acquisition cost except for those of the portion of the Welland Section entrusted to the Authority in 1959 which are recorded at values established by Canada.

Non-Toll Canal assets under the administration of the Authority are disclosed only in a note on Schedule B.

Interest on construction

Interest costs incurred during a construction period are capitalized until a project becomes operational.

Depreciation of capital assets

No provision for depreciation is made for non-movable structures such as buildings, lock gates, locks and bridges, because the Authority considers that its maintenance program maintains them in working condition.

For the Montreal-Lake Ontario Section provision is made for the replacement of equipment and machinery having an estimated life of less than fifty years at estimated replacement value over the useful life of the asset.

Deficit

The deficits of the Welland Section and Non-Toll Canals are recovered from parliamentary appropriations provided for that purpose, whereas the deficit of the Montreal-Lake Ontario Section is accumulated.

2. Investments in subsidiary companies

The investment of $8,000 for the total capital stock of The Seaway International Bridge Corporation Ltd., remains unchanged. As required by the operating agreement between the Authority and its U.S. counterpart the Saint Lawrence Seaway Development Corporation, the subsidiary has transferred to the Authority the net income of $211,175 for 1974, to be applied towards the interest and amortization of the cost of the Authority's North Channel Bridge. However, to date net income has been insufficient to meet total loan interest costs. Therefore there has been no amortization of the capital cost of the bridge.

The original investment of $1,500 for the total capital stock issued by the Great Lakes Pilotage Authority, Ltd. is unchanged. All deficits since acquisition have been recovered from Department of Transport votes.

3. Capital assets

Welland entrusted assets were reduced by $12,800,000 during the year to reflect transfers to the Department of Public Works of approximately two-thirds of the old channel between Port Robinson and Ramey's Bend, $12,600,000, the write-off of a demolished bridge, $800,000, and increased by the transfer of former Non-Toll properties, $600,000.

In 1974 a vessel struck and demolished the bridge mentioned above. The replacement cost of such a bridge is estimated to be not less than $5,000,000. Under the provisions of the Canada Shipping Act the owners of the vessel have limited liability of $700,000 for all claims arising out of this incident, which sum is less than the cost incurred by the Authority in removing the bridge from the canal.

4. Loans from Canada

Section 17 of the St. Lawrence Seaway Authority Act provides that tolls are to be designed to provide a revenue sufficient to

THE ST. LAWRENCE SEAWAY AUTHORITY—*Concluded*

defray the cost to the Authority of its operations. Such costs are defined as including interest on loans, amounts sufficient to amortize loan principal over a period not exceeding fifty years, and the costs of operating and maintaining the canals and works.

Since the inception of the Authority, revenues have been insufficient to meet the full interest cost or any amortization of loan principal.

The terms of the Authority's financing arrangements were amended by Order in Council P.C. 1968-163 of January 25, 1968, which provides that loans received under section 28 of the St. Lawrence Seaway Authority Act in respect of the Montreal-Lake Ontario Section of the Seaway, together with interest, are to be repaid in such amounts each year as the cumulative net profit of the Section, before amortization of loan principal, will permit. Any unpaid interest in respect of any year bears interest until paid, and the principal and interest are to be fully paid on or before December 31, 2009.

Outstanding loans in respect of the Montreal-Lake Ontario Section amount to $336,500,000 at December 31, 1974, with unpaid interest of $128,821,639.

Loans to finance the cost of modernizing the Welland Canal effected prior to September 23, 1966, were interest-free. Under Order in Council P.C. 1966-1828 of September 22, 1966, all loans effected after that date bear interest but loans and interest shall not be payable until construction of each Welland Canal project is determined by the Minister of Transport to be completed.

Loans to finance construction projects on the Welland Canal total $288,450,000 at December 31, 1974, including $72,500,000 on an interest-free basis.

Accrued and unpaid interest amounted to $32,822,016 during construction which was capitalized up to March 31, 1973, when the Canal became operational.

Interest rates range from 3 1/4% to 8 1/2%.

5. Claims

A claim has been made by C.N.R. in the amount of $5,002,039 representing the capitalized depreciation on additional operating plant required as a result of the construction of the Welland By-Pass Channel. The Authority rejects this claim on the basis that having paid for the additional plant and for the additional operation and maintenance costs, it should not be called upon to replace the plant forever. The claim may be submitted to arbitration for settlement as provided in the agreement between the parties.

A contractor has made a claim of approximately $900,000 against the Ontario Ministry of Transportation and Communications in connection with the Main Street Tunnel, Welland, which was constructed in conjunction with the Welland By-Pass. In accordance with an agreement of April 8th, 1971, between the Authority and Ontario, the Authority is liable for 50% of the amount of any settlement.

6. Contractual commitments

Outstanding contractual commitments with respect to major projects as at December 31, 1974, amounted to $2,109,000.

AUDITOR GENERAL OF CANADA
Ottawa, Ontario
K1A 0G6
March 24, 1975

THE HONOURABLE JEAN MARCHAND, P.C., M.P.,
MINISTER OF TRANSPORT,
OTTAWA, ONTARIO.
K1A 0N5

Dear Mr. Marchand:

I have examined the balance sheet of The St. Lawrence Seaway Authority as at December 31, 1974 and the statements of income and expense and deficit for the year then ended. My examination included a general review of the accounting procedures and such tests of accounting records and other supporting evidence as I considered necessary in the circumstances.

As described in Note 1 to the financial statements, the Authority does not provide for depreciation on all capital assets which are susceptible to deterioration and obsolescence.

In my opinion, except for the effect of failing to provide adequately for depreciation of capital assets as described in the preceding paragraph, these financial statements give a true and fair view of the financial position of the Authority as at December 31, 1974 and the results of its operations for the year then ended, in accordance with generally accepted accounting principles applied on a basis consistent with that of the preceding year.

I further report that, in my opinion, proper books of account have been kept by the Authority, the financial statements are in agreement therewith and the transactions that have come under my notice have been within the statutory powers of the Authority. However, attention is drawn to the disclosure in Note 4 to the financial statements that tolls charged did not comply with the provisions of section 17 of the St. Lawrence Seaway Authority Act.

Yours sincerely,

J. J. MACDONELL
Auditor General of Canada.

THE SEAWAY INTERNATIONAL BRIDGE CORPORATION, LTD.

(Incorporated under the Canada Corporations Act)

BALANCE SHEET AS AT DECEMBER 31, 1974

ASSETS	1974	1973
Cash	$15,983	$19,158
Accounts receivable	59,835	4,308
Equipment, at cost	74,408	73,428
Less: Accumulated depreciation	60,318	59,153
	14,090	14,275
	$89,908	$37,741

LIABILITIES	1974	1973
Due to The St. Lawrence Seaway Authority	$61,175	$ 7,549
Accounts payable	6,953	9,317
Deferred income from tolls	5,780	4,875
Debentures (interest free)	8,000	8,000
Capital stock:		
Authorized–50 shares of $1,000 each		
Issued – 8 shares, fully paid	8,000	8,000
	$89,908	$37,741

Note–The Seaway International Bridge Corporation, Ltd. was incorporated for the purpose of operating and managing the international toll bridge system between Cornwall, Ont., and Rooseveltown, N.Y., on behalf of the owners, The St. Lawrence Seaway Authority and the Saint Lawrence Seaway Development Corporation. By agreement between the Seaway entities the annual income from the operation of the bridge system, after payment of operating expenses, is to be applied first towards the amortization of the cost of the North Channel bridge, together with interest, after which the balance of the income is to be divided equally between the Seaway entities.

As shown by the attached Statement, the net income of the Corporation from the operation of the bridge system for the year ended December 31, 1974, amounted to $211,175. This amount was transferred to The St. Lawrence Seaway Authority to be applied towards the amortization of the cost of the North Channel bridge, together with interest, leaving an unamortized balance of $12,726,916 at December 31, 1974, compared with an unamortized balance of $12,320,631 at December 31, 1973.

Approved on behalf of the Board:

PAUL D. NORMANDEAU
President and Director

DAVID W. OBERLIN
Vice President and Director

I have examined the above balance sheet and the related statement of income and expense and have reported thereon under date of March 4, 1975 to the Minister of Transport.

AUDITOR GENERAL OF CANADA
Ottawa, K1A 0G6
March 4, 1975.

THE HONOURABLE JEAN MARCHAND, P.C., M.P.,
MINISTER OF TRANSPORT,
OTTAWA.

Sir,

I have examined the balance sheet of The Seaway International Bridge Corporation, Ltd. as at December 31, 1974 and the statement of income and expense for the year then ended. My examination included a general review of the accounting procedures and such tests of accounting records and other supporting evidence as I considered necessary in the circumstances.

In my opinion these financial statements give a true and fair view of the financial position of the Corporation as at December 31, 1974 and the results of its operations for the year then ended, in accordance with generally accepted accounting principles applied on a basis consistent with that of the preceding year.

I further report that, in my opinion, proper books of account have been kept by the Corporation, the financial statements are in agreement therewith and the transactions that have come under my notice have been within the statutory powers of the Corporation.

Yours sincerely,

J. J. MACDONELL
Auditor General of Canada.

URANIUM CANADA, LIMITED

(Incorporated under the Canada Corporations Act)

	25,799,758	17,259,721
	$26,312,299	$18,113,822

The accompanying notes are an integral part of the financial statements.

Approved on behalf of the Board:

G. M. MACNABB
Director

J. T. LYON
Director

I have examined the above balance sheet and the related statement of transactions in joint uranium stockpile and have reported thereon under date of December 17, 1974 to the Minister of Energy, Mines and Resources.

J. J. MACDONELL
Auditor General of Canada

STATEMENT OF TRANSACTIONS IN JOINT URANIUM STOCKPILE FOR THE YEAR ENDED DECEMBER 31, 1973

(with comparative figures for the year ended December 31, 1972)

	Cost to Canada of 76% share	
	1973	1972
Stockpile of uranium concentrates at January 1	$18,063,460	$ 9,318,967
Expenditure during year:		
Uranium concentrates	8,135,707	9,082,532
Storage, weighing and sampling	438	124,489
Freight	62,332	22,609
	8,198,477	9,229,630
	26,261,937	18,548,597
Less: Cost of sales		485,137
Stockpile of uranium concentrates at December 31	$26,261,937	$18,063,460

The accompanying notes are an integral part of the financial statements.

NOTES TO FINANCIAL STATEMENTS

1. Advances from Canada

   An amount of $29,500,000 has been provided by a parliamentary appropriation for the acquisition of uranium concentrates in the fiscal years 1970-71 to 1974-75 inclusive, of which $26,234,533 had been disbursed by December 31, 1973. An amount of $318,464 was refunded to Canada in respect of sales during the preceding year.

2. The joint stockpile of uranium concentrates is held for conversion in Metropolis, Illinois, U.S.A. in accordance with sales agreements.

3. The Corporation has entered into sales agreements for the entire joint stockpile at firm unit prices applicable to the year of delivery. Based on these unit prices and the deliveries specified in the agreements, which deliveries may be varied by the purchasers, the Corporation may experience a loss of about $600,000. The Corporation, as the government's sales agent for the joint stockpile material purchased from Denison Mines and the general government stockpile acquired since 1963, entered into seven purchase/sales agreements dated November 24, 1972 with electric utilities in Spain. The sales agreements provided for the sale to the owners of seven nuclear power plants of all the joint stockpile material as well as a portion of the general government stockpile. The income from such sales is expected to more than reimburse the government for the moneys expended for the purchase of the material sold under these agreements.

4. The Corporation's eight directors receive no remuneration as directors. The corporation's five officers, who are also directors, receive no remuneration as officers.

5. The Department of Energy, Mines and Resources expended $3,993 from Vote 10 on behalf of the Corporation for operating expense. The Department provides administrative services to the Corporation without charge.

URANIUM CANADA LIMITED—*Concluded*

AUDITOR GENERAL OF CANADA
Ottawa, December 17, 1974.

THE HONOURABLE DONALD S. MACDONALD,
MINISTER OF ENERGY, MINES AND RESOURCES,
OTTAWA.

I have examined the balance sheet of Uranium Canada, Limited as at December 31, 1973 and the statement of transactions in joint uranium stockpile for the year then ended. My examination included a general review of the accounting procedures and such tests of accounting records and other supporting evidence as I considered necessary in the circumstances.

In my opinion these financial statements give a true and fair view of the financial position of the Corporation as at December 31, 1973 and the results of its operations for the year then ended, in accordance with generally accepted accounting principles applied on a basis consistent with that of the preceding year.

I further report that, in my opinion, proper books of account have been kept by the Corporation, the financial statements are in agreement therewith and the transactions that have come under my notice have been within the statutory powers of the Corporation.

J.J. MACDONELL
